DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Plug back well with cement retainer set at 4600' with 75 sacks class A, stimulated well by fracture treatment in three (3) stages as follows:

Stage No. 1 - 4504-24, 4540-30, 4582-73 w/30,000# 20/40 sand and 26,300 gal. acid water. Plug w/sand to 4485.

Stage No. 2 - 4409-17, 4428-35, 4488-73, 4477-81 w/30,000# 20/40 sand and 27,000 gal. acid water. Plug back w/sand to 4380'.

Stage No. 3 - 4348-72, 4342-43 w/30,000# 20/40 sand and 27,000 gal. acid water. Cleaned out to 4600', ran Baker packer and set at 4485 and 4388-1/2, ran 2-7/8" tubing landed 4490 w/8000# on packer at 4388-1/2. Nippled up tree, perf. tubing w/20 holes each at 4437-47 and 4338-48, blowed well to clean up and connected to sales line 9/11/62.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

RE: Well No. Utah State ML 1256 #1
Sec. 29, T. 13S, R. 7E,
Carbon County, Utah
API #43-015-16022

Gentlemen:

In preparing our files for microfilming, we have discovered an error at the time the original API number on the above referred to well was issued. It was issued improperly as being in Emery County instead of Carbon County. It is, therefore, necessary to issue a new API number for this well.

The new number is #43-007-30102.

We apologize for any inconvenience this may cause and ask for cooperation in this matter.

Respectfully,

Claudia Jones
Well Records Specialist

Clear Creek Field
Carbon County, Utah

Dear Mr. Laine:

With reference to your letter of October 23, 1989 to the Cordillera Corporation and our subsequent phone conversations, we would like to advise that the signs on the leases that you requested have been put in place. We have cleared the trash from the well locations that you pointed out and have attempted to place the production equipment in a less hazardous position.

If you find that this placement is not satisfactory, please advise the writer direct and I'll arrange for you to meet with our field representative.

Yours Very Truly,

Cordillera Corporation

DESIGNATION OF SUCCESSOR UNIT OPERATOR

Clear Creek Unit Area
Counties of Carbon and Emery
State of Utah
Unit Agreement No. 14-08-001-3512

THIS INDENTURE, dated as of the fourth day of October 1995, by and between Anschutz Exploration Corporation, hereinafter designated as "First Party," and the owners of unitized working interests, hereinafter designated as "Second Parties,"

WITNESSETH:

WHEREAS, under the provisions of the Act of February 25, 1920, 41 Stat. 437, 30 U. S. C. Secs. 181, et seq., as amended by the Act of August 8, 1946, 60 Stat. 950, the Secretary of the Interior, on the 13th day of March 1957, effective January 1, 1957, approved a Unit Agreement for the Clear Creek Unit Area, wherein Cordillera Corporation is designated as Unit Operator, and

WHEREAS said, Cordillera Corporation has resigned as such Operator and the designation of a successor Unit Operator is now required pursuant to the terms thereon; and

WHEREAS the First Party has been and hereby is designated by Second Parties as Unit Operator, and said First Party desires to assume all the rights, duties, and obligations of Unit Operator under the said Unit Agreement;

NOW, THEREFORE, in consideration of the premises hereinbefore set forth and the promises hereinafter stated, the First Party hereby covenants and agrees to fulfill the duties and assume the obligations of Unit Operator under and pursuant to all the terms of the Clear Creek Unit Agreement, and the Second Parties covenant and agree that, effective upon approval of this indenture by the Chief, Branch of Fluid Minerals, Bureau of Land Management, First Party shall be granted the exclusive right and privilege of exercising any and all rights and privileges as Unit Operator, pursuant to the terms and conditions of said Unit Agreement; said Unit Agreement being hereby incorporated herein by reference and made a part hereof as fully and effectively as though said Unit Agreement were expressly set forth in this instrument.

IN WITNESS WHEREOF, the parties hereto have executed this instrument as of the date hereinabove set forth.

FIRST PARTY **ANSCHUTZ EXPLORATION CORPORATION**

William J. Miller, Vice President-Operations

SECOND PARTIES **ANSCHUTZ WESTERN CORPORATION**

William J. Miller, Vice President-Operations

Execution Date:

STATE OF COLORADO)
) ss.
 COUNTY OF DENVER)

On this 14th day of FEBRUARY 1996, personally appeared before me William J. Miller, who, being by me duly sworn did say that he is the Vice President-Operations of **Anschutz Exploration Corporation** and that said instrument was signed on behalf of said Corporation by authority of its by-laws, and said William J. Miller acknowledged to me that said Corporation executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my notarial seal the day and year last above written.

Re: Clear Creek Unit
Carbon & Emery Counties, Utah

Gentlemen:

On March 15, 1996, we received an indenture whereby Cordillera Corporation resigned as Unit Operator and Anschutz Exploration Corporation was designated as Successor Unit Operator for the Clear Creek Unit, Carbon & Emery Counties, Utah.

This indenture was executed by all required parties and the signatory parties have complied with Sections 5 and 6 of the unit agreement. The instrument is hereby accepted effective March 20, 1996. In approving this designation, the Authorized Officer neither warrants nor certifies that the designated party has obtained all required approval that would entitle it to conduct operations under the Clear Creek Unit Agreement.

Your nationwide (Colorado) oil and gas bond No. 1040 will be used to cover all operations within the Clear Creek Unit.

It is requested that you notify all interested parties of the change in unit operator. Copies of the approved instruments are being distributed to the appropriate federal offices, with one copy returned herewith.

Sincerely,

/s/ Robert A. Henricks

OPERATOR CHANGE DOCUMENTATION

- Yec 1. (Rule R615-8-10) Sundry or other legal documentation has been received from former operator (Attach to this form). *(Reg. 3-25-96) (Rec'd 3-27-96)*
- Yec 2. (Rule R615-8-10) Sundry or other legal documentation has been received from new operator (Attach to this form). *(Rec'd 3-29-96)*
- N/A 3. The Department of Commerce has been contacted if the new operator above is not currently operating any wells in Utah. Is company registered with the state? (yes/no) _____ If yes, show company file number: _____.
- Yec 4. (For Indian and Federal Wells ONLY) The BLM has been contacted regarding this change (attach Telephone Documentation Form to this report). Make note of BLM status in comments section of this form. Management review of Federal and Indian well operator changes should take place prior to completion of steps 5 through 9 below.
- Yec 5. Changes have been entered in the Oil and Gas Information System (Wang/IBM) for each well listed above. *(3-27-96)*
- Yec 6. Cardex file has been updated for each well listed above. *(3-27-96)*
- Yec 7. Well file labels have been updated for each well listed above. *(3-27-96)*
- Yec 8. Changes have been included on the monthly "Operator, Address, and Account Changes" memo for distribution to State Lands and the Tax Commission. *(3-27-96)*
- Yec 9. A folder has been set up for the Operator Change file, and a copy of this page has been placed there for reference during routing and processing of the original documents.

ENTITY REVIEW

- Yes 1. (Rule R615-8-7) Entity assignments have been reviewed for all wells listed above. Were entity changes made? (yes no) (If entity assignments were changed, attach copies of Form 6, Entity Action Form). Entity 2550 "Clear Creek Unit/FRSD P.A."
- N/A 2. State Lands and the Tax Commission have been notified through normal procedures of entity changes.

BOND VERIFICATION (Fee wells only) #10-42-53 (\$80,000) National Union Fire Ins. Co.

- Yes 1. (Rule R615-3-1) The new operator of any fee lease well listed above has furnished a proper bond. **Trust Lands (\$80,000) eff. 4-6-95 #10-42-54 "Nat'l Union Fire Ins. Co."*
- 2. A copy of this form has been placed in the new and former operators' bond files. ** Upon compl. of routing.*
- Yes 3. The former operator has requested a release of liability from their bond (yes no). Today's date March 27, 1996. If yes, division response was made by letter dated 19 .

LEASE INTEREST OWNER NOTIFICATION RESPONSIBILITY

- N/A 1. (Rule R615-2-10) The former operator/lessee of any fee lease well listed above has been notified by letter dated 19 , of their responsibility to notify any person with an interest in such lease of the change of operator. Documentation of such notification has been requested. *no longer done per ROP directive*
- STS 2. Copies of documents have been sent to State Lands for changes involving State leases. *Sent to Ed Bonner 4/8/96*

FILMING

- VDP 1. All attachments to this form have been microfilmed. Date: April 17 1996.

FILING

- 1. Copies of all attachments to this form have been filed in each well file.
- 2. The original of this form and the original attachments have been filed in the Operator Change file.

12. DESCRIBE PROPOSED OR COMPLETED OPERATIONS. Clearly show all pertinent details including dates, depths, volumes, etc.

Anschutz Exploration Corporation has an active exploration program in the Clear Creek Unit where this well is located.

We have delayed any action on the inactive wells in the Unit until we determine if it may be feasible to re complete these wells in the Upper Ferron. We plan to gather data to determine feasibility during the drilling and completion of our exploration well.

We plan to make a decision by September 15, 2000 to either drill an exploratory well in the Unit or abandon the location. If we elect to abandon our location, then we will also elect to plug and abandon the Utah Mineral State well. If we drill the exploratory well and are successful, then we will submit a Sundry Notice of our plans for the Utah Mineral State well at that time.

Re: Non-Compliance of Shut-in Wells in the Clear Creek Field

Dear Mr. Koerner:

In a letter dated February 17, 1999, the Utah Division of Oil, Gas and Mining (the "Division") notified the Anschutz Exploration Corporation ("Anschutz") of non-compliance of eight wells in the Clear Creek Field in Carbon and Emery Counties. In accordance with Oil and Gas Conservation General Rule R 649-3-36, Shut-in and Temporarily Abandoned Wells, this notification requested specific and detailed information regarding why these wells should not be plugged and evidence as to their mechanical integrity. The notification requested a response within 30 days. A response was not received from Anschutz within the requested time frame.

On May 25, 1999 the Division initiated a follow-up telephone conversation with Anschutz. During this conversation, Anschutz indicated to the Division that sundry notices would be forthcoming concerning the wells in question. The Division did not receive the documents following this conversation. Recent conversations with Anschutz have resulted in the August 9, 2000 filing of sundry notices for the subject wells. The submitted sundry notices do not fully address the requirements outlined in our February 17, 1999 compliance notification and are therefore being returned unapproved. Furthermore, since our initial correspondence one additional well, the Oman 2-20, has also remained inactive for longer than five years.

Wells that currently do not meet the requirements of R 649-3-36 include:

Lease Type	Well API #	Well Name	Well Status	Completion Date	Years Inactive
Fee	007-16009	Utah Fuel 1	SI	1951	>16
Fee	007-16010	Utah Fuel 2	SI	1952	>16
Fee	007-16011	Utah Fuel 3	SI	1952	>16
Fee	007-16012	Utah Fuel 4	SI	1952	>16
Fee	007-16013	Utah Fuel 5	SI	1953	>16
Fee	007-16016	Utah Fuel 10	SI	1954	>16
Fee	015-16021	Utah Fuel A1	SI	1955	>16
State	007-30102	Utah Mineral State	SI	1954	>16
State	007-30289	Oman 2-20	SI	1996	>5

Page Two
Hal B. Koerner, Jr.
August 21, 2000

Therefore, the Division has determined that good cause has not been shown for extended shut-in of the subject wells, and Anschutz should proceed to file appropriate plans for approval by the Division to either recomplete the wells for production or to plug and abandon the wells in accordance with Rule R649-3-24, Plugging and Abandonment of Wells. Such plans should be submitted within 90 days of your receipt of this correspondence.

Recognizing that the wells are located in mountainous terrain and that inclement weather may commence in the area within the next few months, the Division will allow Anschutz a period of one year from the date of this letter to accomplish necessary operations to either produce or plug and abandon the subject wells. If Anschutz has accomplished neither activity by the required date, the Division may file a Notice of Agency Action for adjudication to determine whether Anschutz should be subject to bond forfeiture for failure to properly plug and abandon the subject wells.

I request that you give this matter your immediate attention. If you have any questions, please contact Robert J. Krueger, Petroleum Engineer at (801) 538-5274 or myself at (801) 538-5334.

Sincerely,

John R. Baza
Associate Director

Re: Clear Creek Unit
Carbon and Emery Counties, Utah

Gentlemen:

On January 17, 2001, we received an indenture dated December 31, 2000 whereby Anschutz Exploration Corporation resigned as Unit Operator and Edward Mike Davis was designated as Successor Unit Operator for the Clear Creek Unit, Carbon and Emery Counties, Utah.

This indenture was executed by all required parties and the signatory parties have complied with Sections 5 and 6 of the unit agreement. The instrument is hereby approved effective January 25, 2001. In approving this designation, the Authorized Officer neither warrants nor certifies that the designated party has obtained all required approval that would entitle it to conduct operations under the Clear Creek Unit Agreement.

Your statewide (Utah) oil and gas bond No. 1205 will be used to cover all operations within the Clear Creek Unit.

It is requested that you notify all interested parties of the change in unit operator. Copies of the approved instruments are being distributed to the appropriate federal offices, with one copy returned herewith.

Sincerely,

/s/ Robert A. Henricks

Re: *Edward Mike Davis*
Registration with Utah Department of Commerce

Dear Jim

We represent Edward Mike Davis with respect to certain oil and gas properties associated with the Clear Creek Unit located in Carbon and Emery Counties. Steve Chamberlain asked me to contact you regarding the Utah Department of Commerce's rejection of Mr. Davis's Business Name Registration Application. For your convenience, I have enclosed copies of the documents that we filed with the Department of Commerce on Mr. Davis's behalf. As you can see, the Department is of the view that, since Mr. Davis will be operating under his own name, he does not need to register with the state. We were informed by the Department that Mr. Davis can do business in the state under his social security number. If you have any questions or need further information, please do not hesitate to contact me.

Very truly yours,

Thomas W. Clawson

Enclosures

Documents and Services Return Notice

We apologize for having to return your document or request for service for the reason(s) indicated below: Please make the necessary correction(s) and return your document. You will have thirty (30) days to re-submit this Return Notice. If this is not received within the prescribed time a new processing fee will be due.

- Fee Payment:**
 - The required document or service fee is \$ _____. Please send \$ _____ payable to the State of Utah.
 - Your paperwork was not returned within the time prescribed, thirty(30) days, a new processing fee is due.
- Business Name Conflict:**
 - The name is not available in Utah (see transcript of conflict enclosed).
 - ~~The name~~ is the same as owner/applicant.
 - The requested business name is the same as your qualified entity.
- Registered Agent:**
 - Require name of Registered Agent.
 - Require Utah street address for Registered Agent.
 - Address of Registered Agent and Registered Office must be the same.
- Required Signatures From:**
 - Registered agent.
 - Incorporators.
 - Member/Manager.
 - General Partner(s).
 - Applicant/Owner.
- Articles/Application Require:**
 - Business Purpose.
 - Street address for principal office.
 - Duration.
 - Names and addresses of :
 - Three (3) Trustees
 - Members.
 - Managers.
 - The company listed as the owner must be qualified in Utah.
- Foreign (Non-Utah) Application:**
 - Must provide a certificate of existence from home state. Certificates older than 90 days will not be accepted.
 - Must register under the same name in Utah as in the home state.
 - Registration date on application doesn't match the date of incorporation on the existence.
- Other:** If you are doing business and under your own name, does not need to be registered with the state.

Business Name Registration / DBA Application

The filing of this application and its approval by the Division of Corporations and Commercial Code does not authorize the use in the State of Utah of an assumed name in violation of the rights of another under federal, state, or common law (U.C.A. Section 42-2-5 Et seq.). You may file this paperwork in person or mail or fax to the Division of Corporations (Please file in duplicate). If mailing, please include one (1) self addressed envelope with application. If you are faxing you must include, on a cover sheet, the number of a VISA/MasterCard with the date of expiration. Other means of payment are check or cash. If hand written, must be legible.

●When approved, your business name is registered for 3 years (U.C.A. 42-2-8) ●

Do not use this form for changes other than Applicant/Owner change

Do not use this form if this business will need a new state tax registration

If you want a new name, (adding or changing the existing name) a new DBA filing is required.

Re: Notice of Violation of Shut-in and Temporarily Abandoned Wells in the Clear Creek Field, Carbon County, Utah

Dear Mr. Davis:

By letter dated August 21, 2000, the Division of Oil, Gas and Mining ("the Division") required Anschutz Corporation ("Anschutz") to comply with Rule R649-3-36, Shut-in and Temporarily Abandoned Wells (SI/TA), (copies of letter and rule are attached) for nine wells within the Clear Creek Field of Carbon County, Utah. The Division specifically required Anschutz to either produce or plug and abandon the subject wells within one year of the date of the original letter. During early calendar year 2001, the wells at issue transferred to your company, and the Division subsequently notified you that you would be subject to the original compliance deadline that was established for Anschutz of August 21, 2001. The Division has received reports that you have plugged one of the wells on the original list; however, for the remaining wells, **your company did not perform the required work by the original deadline, and this letter serves as a Notice of Violation ("NOV") that eight of the original subject wells remain in violation of Rule R649-3-36.**

The Division recognizes that you recently attempted to begin work on the nine original wells by plugging the Utah Fuel #A1 well and by submitting plans to plug one other well on the list. As a result of these recent efforts, the Division will allow you to enter a consent order to resolve this NOV. In summary, the consent order is a contractual agreement by which the Division agrees to defer its enforcement action against you as long as you comply with the terms of the agreement. The terms of the consent agreement will require you to strictly adhere to deadlines, which show diligent progress to resolving the violations. If you comply with all terms of the agreement within the specified deadlines, the violations will be deemed fully resolved. However, if you do not fully comply with the terms of the agreement, the Division will continue its enforcement action against you under the terms of the order, including payment of civil penalties described in the agreement. **Please be aware**

Page Two
November 6, 2001
Edward Mike Davis

that, in order to enter the consent agreement, you will be required to waive some of your due process rights under the law thereby making it easier for the Division to seek and obtain civil penalties against you if you do not comply with the terms of the consent agreement.

The general terms of the consent agreement would require you to comply with a Corrective Action Plan ("Plan") to progressively plug or return to production the remaining eight wells in the Clear Creek Field (listed below) that are currently in violation of the SI/TA rule. You are responsible for preparing the proposed Plan, which shall be submitted to the Division by November 30, 2001, and the Plan shall include the following for each well:

1. A detailed description of the work to be performed.
2. The anticipated duration and date of completion for the proposed work that shall include:
 1. The date the well is put on production, or;
 2. The date the plugging and abandonment procedures are completed.

Upon submittal of the Plan, the Division will determine if the Plan is reasonable and the Division will either approve or deny the proposal. At that time you will be asked to enter the consent order, a copy of which will be provided to you. If a Plan is not submitted by the above deadline, the Division will assume you do not wish to pursue negotiation of a consent agreement.

If you do not wish to enter the consent agreement, the Division shall schedule an adjudicative hearing to order the performance of the necessary work for each well and to establish an appropriate deadline for completing the work. Strict adherence to all deadlines shall be enforced. If any deadline is missed, whether according to the voluntary Plan or according to an order of the Division, you will be subject to appropriate enforcement action that can include:

1. The Board of Oil, Gas and Mining ("Board") levying fines up to \$10,000.00 per day for every well in violation given the authority provided under U.C.A. 40-6-11, part 4, and/or
2. The forfeiture of your posted bond.

1.6. Any other information deemed relevant by the applicant or requested by the division.

2. Information derived from well logs, including certain information in completion reports, stratigraphic cross sections, bottomhole pressure data, and other appropriate data provided in R649-3-35-1 will be held confidential in accordance with R649-2-11 at the request of the operator.

3. The division shall review the submitted information and advise the operator and the State Tax Commission of its decision regarding the wildcat well designation as related to Section 59-5-102(2)(d).

4. The division is responsible for approval of a request for designation of a well as a wildcat well. If the operator disagrees with the decision of the division, the decision maybe appealed to the board. Appeals of all other tax-related decisions concerning wildcat wells should be made to the State Tax Commission.

R649-3-36. Shut-in and Temporarily Abandoned Wells.

1. Wells may be initially shut-in or temporarily abandoned for a period of twelve (12) consecutive months. If a well is to be shut-in or temporarily abandoned for a period exceeding twelve (12) consecutive months, the operator shall file a Sundry Notice providing the following information:

1.1. Reasons for shut-in or temporarily abandonment of the well,

1.2. The length of time the well is expected to be shut-in or temporarily abandoned, and

1.3. An explanation and supporting data if necessary, for showing the well has integrity, meaning that the casing, cement, equipment condition, static fluid level, pressure, existence or absence of Underground Sources of Drinking Water and other factors do not make the well a risk to public health and safety or the environment.

2. After review the Division will either approve the continued shut-in or temporarily abandoned status or require remedial action to be taken to establish and maintain the well's integrity.

3. After five (5) years of nonactivity or nonproductivity, the well shall be plugged in accordance with R649-3-24, unless approval for extended shut-in time is given by the Division upon a showing of good cause by the operator.

4. If after a five (5) year period the well is ordered plugged by the Division, and the operator does not comply, the operator shall forfeit the drilling and reclamation bond and the well shall be properly plugged and abandoned under the direction of the Division.

R649-3-37. Enhanced Recovery Project Certification.

1. In order for incremental production achieved from an enhanced recovery project to qualify for the severance tax rate reduction provided under U.C.A. 59-5-102 (4), the operator on

Dear Mr. Davis:

In the letter of November 6, 2001, enclosures were referenced but not included. You accepted the referenced (certified mail) letter on November 9, 2001. I am attaching them at this mailing. Sorry for my oversight.

Sincerely,

A handwritten signature in cursive script that reads "Earlene Russell".

Re: *Change of Operator
Clear Creek Unit
Carbon and Emery Counties, Utah*

Dear John:

As we have previously discussed, I am delivering for filing (in duplicate) a Sundry Notice – Notice of Change of Operator, whereby Edward Mike Davis transfers the operatorship of the listed wells to Mid-Power Resource Corporation.

If you have any questions or need further information, please do not hesitate to contact me.

Sincerely yours,

Thomas W. Clawson

Re: Clear Creek Unit
Carbon and Emery Counties, Utah

Gentlemen:

On July 22, 2002, we received an indenture dated July 19, 2002, whereby Edward Mike Davis resigned as Unit Operator and Mid-Power Resource Corporation was designated as Successor Unit Operator for the Clear Creek Unit, Carbon and Emery Counties, Utah.

This indenture was executed by all required parties and the signatory parties have complied with Sections 5 and 6 of the unit agreement. The instrument is hereby approved effective August 14, 2002. In approving this designation, the Authorized Officer neither warrants nor certifies that the designated party has obtained all required approval that would entitle it to conduct operations under the Clear Creek Unit Agreement.

Your statewide (Utah) oil and gas bond No. 1274 will be used to cover all operations within the Clear Creek Unit.

It is requested that you notify all interested parties of the change in unit operator. Copies of the approved instruments are being distributed to the appropriate federal offices, with one copy returned herewith.

Sincerely,

/s/ Robert A. Henricks

Re: Clear Creek Unit
Carbon & Emery Counties, Utah

Gentlemen:

On May 8, 2006, we received an indenture dated April 28, 2006, whereby Mid-Power Resource Corporation resigned as Unit Operator and Marion Energy Inc. was designated as Successor Unit Operator for the Clear Creek Unit, Carbon & Emery Counties, Utah.

This indenture was executed by all required parties and the signatory parties have complied with Sections 5 and 6 of the unit agreement. The instrument is hereby approved effective May 9, 2006. In approving this designation, the Authorized Officer neither warrants nor certifies that the designated party has obtained all required approval that would entitle it to conduct operations under the Clear Creek Unit Agreement.

Your Utah statewide oil and gas bond No. UTB000179 will be used to cover all federal operations within the Clear Creek Unit.

It is requested that you notify all interested parties of the change in unit operator. Copies of the approved instruments are being distributed to the appropriate federal offices, with one copy returned herewith.

Sincerely,

/s/ James A. Fouts

MIRU Hurricane Well Service. Well had 500 psi on csg and 460 psi on tbq. Blew well down. Records indicate a Baker Seal Bore Production packer set at 4388'. Could not release seal bore assembly. Ran wireline and shot off tbq @ 4380'. TIH with mill and wash pipe. Milled up packer. Well started flowing once packer released. Trip fish out. TIH w/ 2 7/8", J-55, 6.4 lb/ft tbq. Tagged PBTD @ 4600'. Circulate hole clean. Pull up to 4366' and RUTS. Initial FL @ 2200'. After 3rd swab run well unloaded. Backside built to 20 psi after 6 runs. Tbg gassing hard after each run. Plan to set a packer @ 4300' and swab. Will test backside while packer is in hole.

RE: Board Cause 250-01, Clear Creek Field Operations Update

Dear Mr. Dworshak,

Marion Energy is writing today to update the Utah Department of Oil, Gas and Mining in regards to Board Cause 250-01. Please find below a schedule for work to be completed on the wells in Clear Creek Utah pertaining to the Cause 250-01:

- 1) **Utah Fuel #4:** The Utah Fuel # 4 was Plugged and Abandoned in **December 2007**.
- 2) **Utah Fuel #10:** Marion Energy plans to enter the Utah Fuel #10 pad site this summer and Plug and Abandon this well and location. Marion Energy estimated date of P&A is **August 2009**.
- 3) **Utah Mineral State 1256-1 a/k/a Utah Mineral State 1-A:** Marion Energy has re-entered this well and found the well capable of producing gas. We are currently in negotiations with the Surface Owner to purchase and easement down his road to run a gas and water line. Marion Energy has recently completed an infrastructure overhaul and is now ready to tie the well in. We have been in negotiations with the Surface Owner for over a year. Once an easement agreement has been reached, Marion Energy estimates 100 days of construction time. Estimated date of tie-in: **October 2009**.
- 4) **Utah Fuel #8:** Marion Energy recently re-entered the Utah Fuel #8 and has deemed this well economic. We have currently run a temporary gas line to our new infrastructure and will be completing a permitted gas and water line this summer. Currently this well is producing.
- 5) **Oman 2-20:** Marion Energy has recently re-entered the Oman 2-20 and has deemed this well economic. Marion Energy has tied this well into our new infrastructure and it is currently producing.

- 6) **Utah Fuel #2:** Marion Energy recently completed an easement agreement with the Clear Creek Home Owners Association to run a new gas and water line from the Utah Fuel #2 to new pipelines. Marion Energy intends to start work on the new pipeline in summer of 2009. We are estimating sixty (60) days for pipeline work to be completed. Once completed Marion Energy will move a work over rig onto the Utah Fuel #2 to place the well back onto production. Estimated date of tie-in is **November 2009.**

- 7) **Utah Fuel #3:** Marion Energy plans on clearing the pad site of the Utah Fuel #3 of the temporary compressor and water storage tanks being used while Marion was completing its infrastructure overhaul. Once the items have been removed, Marion Energy intends to move a work over rig onto location. Marion Energy intends to bring the Utah Fuel #3 back online. Estimated date of tie-in is **November 2009.**

- 8) **Utah Fuel #1:** Marion Energy plans on leaving the Utah Fuel #1 shut in while drilling operations are being conducted on the pad site to drill and complete the Jacob 5-5 and Jacob 4-8. Marion Energy plans on drilling the aforementioned wells during the calendar year of 2009. Once the wells have been drilled, Marion intends to bring the Utah Fuel #1 back on-line. Marion Energy has recently completed a gas gathering system overhaul, and the infrastructure is now in place and ready to receive gas from the Utah Fuel #1, once drilling operations have been completed on the pad site.

If you have any further questions or concerns please do not hesitate to contact me.

Sincerely,

Subject: Board Cause No. 250-01, 2009 Clear Creek Proposed Plan

Mr. Clarke:

The Division of Oil, Gas & Mining (the "Division") has reviewed the 2009 Clear Creek proposed plan (dated May 12, 2009, received by the Division May 14, 2009) submitted by Marion Energy Inc. ("Marion"). It is the Divisions understanding that Marion has placed the Oman State 2-20 well on production and will have the Utah Fuel #1, Utah Fuel #2, Utah Fuel #3, and Utah Mineral State #1 wells actively producing oil and gas for sale before year-end. Marion also proposes to plug and abandon the Utah Fuel #10 well by August 2009.

The Division approves the 2009 Clear Creek plan as submitted. However, this will be the **final extension** granted by the Division for the above-mentioned wells (the "Subject Wells"). The Board Order required "*each of the Subject Wells either be plugged and abandoned in compliance with Utah's laws and regulations, or actively producing oil, gas, including coalbed methane, for sale*" within five (5) years from the effective date (July 23, 2002). Failure to either plug or abandon each Subject Well, or have each well actively producing, by the end of the granted 5-year period is considered a breach of the Agreement. The Board Order granted the Division, in its sole discretion, to waive such breach if good cause is shown to extend the shut-in period. Because of the rugged topography and high elevation of most Subject Wells, the period during which operations could be conducted was limited due to weather.

Building the Unit infrastructure was more time intense than anticipated. However, continued yearly progress by Marion justified extended shut-in periods. With the Unit infrastructure now in place, the Division feels a final extension is justified to allow Marion an additional operating season to bring the Subject Wells into full Board Order compliance.

Page 2

Subject: Board Cause No. 250-01, 2009 Clear Creek Proposed Plan of Action
May 27, 2009

The Division feels Marion has been granted adequate time to perform the required work. Hence, the Subject Wells must be either plugged and abandoned or actively producing oil and gas for sale by year-end 2009 or the Division will file a Request for Agency Action before the Board to enforce the order, and seek any legal, injunctive, or equitable relief available from the Board.

Should you have any questions concerning this matter feel free to contact me at 801-538-5280 or Dustin Doucet at 801-538-5281.

12. DESCRIBE PROPOSED OR COMPLETED OPERATIONS. Clearly show all pertinent details including dates, depths, volumes, etc.

Last Sundry dated 6/29/2001...this was submitted before Marion Energy took over operations. Marion does not know if the work was carried out. Marion Energy could not find any records indicating that the work had been completed. Marion Energy has completed some work on this well and was followed with a subsequent Sundry report on 10/4/2007.

Division Director

January 20, 2011

Marion Energy, Inc.
119 South Tennessee, Suite 200
McKinney, Texas 75069
Attn: Mr. Keri Clark

Subject: Division Order for MIT tests and Individual Well Bonds

Dear Mr. Clark:

It is good to see you progressing with mechanical integrity tests (MIT) for the wells in question below:

API	WELL NAME
4300716009	UTAH FUEL 1
4300716010	UTAH FUEL 2
4300716011	UTAH FUEL 3
4300716015	UTAH FUEL 8
4300716016	UTAH FUEL 10
→ 4300730102	UTAH MINERAL STATE 13S 7E 29

As we discussed on Thursday, January 6, 2011, the Division of Oil, Gas and Mining (Division) did not proceed to file this matter for a formal hearing before the Board of Oil, Gas, and Mining (Board) for the February hearing. However, in order to keep this matter moving forward, I would like to have a plan of action for each well in question, as well as the status of the bonding effort.

Include the following:

1. A planned date of the MIT test for each well in question.
2. The results of the MIT and plan of action following the tests:
 - To bring on line and produce.
 - Plug and abandoned.
3. Pertinent information concerning the status of your bonding efforts.

Page 2
Marion Energy, Inc.
January 20, 2011

Please communicate with me on a weekly basis in order for the Division to track the progress. In order to proceed with a March hearing, our attorney will need to file with the Board by February 10th. The Division will plan to proceed in this direction, unless a distinct progress is made to resolve this issue. If you have any questions, please call me at 801-538-5349.

Sincerely,

A handwritten signature in black ink, appearing to read "John Rogers", with a large, stylized flourish at the end.

Utah State Minerals #1-A Plugging Procedure

Well Name: Utah State Minerals #1-A
Location: SWNW Sec.29-T13S-R7E Carbon County, Utah
Surface Csg: 10 3/4" J-55 45.50# set @ 287'
Prod. Csg: 7" J-55 23# set @ 4850'
PBTD: 4600'

1. MIRU Professional Well Service. NDWH and NUBOP. Determine if tubing is in the hole. If not bring up tubing from Utah Fuel #1.
2. Mix and pump 10 sx bentonite w/70 bbls fresh water down bradenhead valve.
3. TIH w/ wireline set 7" CIBP. Set plug 90' above top perf @ +/- 4250'. TIH w/ 2 7/8" tbg and tag plug.
4. Pump cement through 2 7/8" tbg setting a 300' plug from +/-4250' - 3950' (approx. 60sx.)
5. TOH w/tbg and TIH w/7" CIBP set at +/- 1500'
6. Pump cement through 2 7/8" tbg setting a 100' plug from 1500' - 1400' (approx. 20sx.)
7. RU perforators and perforate 4 sqz. Holes @ +/- 290'. **Make sure Bentonite has had 24 hrs. to set up.** Establish circulation to surface. Mix and pump approximately 40 sx cement down 7". Shut down and WOC for 1 hour. Mix and pump approximately 170 sx down 7" csg. Establishing circulation to surface.
7. All cement should be Type II or Class G or equivalent cement mixed at 5.2 to 5 gal/sk to make a slurry weight of 15.8 ppg.
8. All annuli shall be cemented from a minimum depth of 100' to the surface.
9. Erect dry hole marker

To: "dustindoucet@utah.gov" <dustindoucet@utah.gov>, "tedsmith@utah.gov" <tedsmith@utah.gov>

Please find attached the proposed plugging procedure for the Utah State Minerals #1. I have incorporated changes that were brought to my attention after conversations with Ted. As per my orders I am moving the rig to the wells at the Ridge Runner locations to do pump changes in advance of repair work on the natural gas gen set up there. Questar has indicated that they will be ready for us to sell gas to them by 8/22/2013. When that happens we will return the Oman 2-20 to production and turn the Ridge Runner wells on. I hope to move on the Utah State Minerals #1 prior to the estimated start date of 9/2/2013 shown on the sundry, assuming everything goes well on the Ridge Runner wells. We will move to the Utah Fuel #2 and #3 after the plugging of the Utah Minerals #1.

Doug Endsley

CONDITIONS OF APPROVAL TO PLUG AND ABANDON WELL

Well Name and Number: Utah Mineral State
API Number: 43-007-30102
Operator: Marion Energy, Inc.
Reference Document: Original Sundry Notice dated August 16, 2013,
received by DOGM on August 18, 2013.

Approval Conditions:

1. Notify the Division at least 24 hours prior to conducting abandonment operations. Please call Dan Jarvis at 801-538-5338.
2. Plug #3: First quantity of cement (40 sx) should be pumped through perfs and should only be done if formation has not been healed by Bentonite pill. If circulation is established, adequate quantity of cement should be circulated to fill casing inside and out from perf (290') to surface (~224 sx).
3. All balanced plugs shall be tagged to ensure they are at the depths specified in the procedure.
4. All annuli shall be cemented from a minimum depth of 100' to the surface.
5. Surface reclamation shall be done in accordance with R649-3-34 – Well Site Restoration.
6. All requirements in the Oil and Gas Conservation General Rule R649-3-24 shall apply.
7. If there are any changes to the procedure or the wellbore configuration, notify Dustin Doucet at 801-538-5281 (ofc) or 801-733-0983 (home) prior to continuing with the procedure.
8. All other requirements for notice and reporting in the Oil and Gas Conservation General Rules shall apply.

Dustin K. Doucet
Petroleum Engineer

12. DESCRIBE PROPOSED OR COMPLETED OPERATIONS. Clearly show all pertinent details including dates, depths, volumes, etc.

On September 29th Marion plugged and abandoned this well in the following manner. Pump 7sx bentonite down surface casing annulus. Let set overnight. 9/30/2013 set CIBP at 4248'. Pump 60 sx 15.8 #/gal cement from 4248'-3996'. Set CIBP at 1465' and pumped 20 sx 15.8#/gal plug from 1465'-1382'. RU wireline and perforate 4 squeeze holes at 200'. Pump water ahead to establish circulation at surface. Had good circulation with water. Switched to cement and lost circulation 65 bbls into cement. Pumped 370sx 15.8#/gal cement. Did not see cement at surface. On 10/2/2013 the wellhead was cut off. On 10/7/2013 150 sx 15.8 #/gal slurry was pumped through 1" tubing and casing was filled. Welded marker on casing.

As of June 1st, 2015, Marion Energy, Inc. resigns as Operator over its former Clear Creek Unit and Helper Field assets. In conjunction with this resignation, Utah Gas Operating Solutions, LLC. will be taking over as the Successor Operator upon your approval. Please refer to all documents submitted by Utah Gas Operating Solutions, LLC. as successor unit operator and on behalf of Marion Energy, Inc. regarding this change.

Please see the attached Appendix A below for a complete well and facility list that will be transferred upon governing approval. As the Vice President of Marion Energy, Inc. I ask that you accept this letter as Marion Energy's official resignation and request to transfer operating rights to Utah Gas Operating Solutions, LLC.
