Dear Sir:

Recently I visited the above drilling location. At the time of my visit your contractor was drilling at 650 feet.

This location did not have an identification sign as required by Rule C-7, State of Utah Oil & Gas Conservation Commission Rules and Regulations.

The rig over the hole was not equipped with proper blow out equipment as is also required in the above mentioned regulations.

You are hereby requested to install proper blow out equipment on the rig and place an identification sign on the well location.

Very truly yours,
