Well No. 1 is located ¹⁹⁸⁰~~1920~~ ft. from $\begin{Bmatrix} N \\ S \end{Bmatrix}$ line and 660 ft. from $\begin{Bmatrix} E \\ W \end{Bmatrix}$ line of sec. 19
NW $\frac{1}{4}$ of Sec. 19 18S 25E Salt Lake Base
($\frac{1}{4}$ Sec. and Sec. No.) (Twp.) (Range) (Meridian)
Wildcat Grand County Utah
(Field) (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is _____ ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

I propose to drill this well with cable tools to a depth sufficient to test the salt wash sandstone formation (a member of the Morrison) or to a maximum depth of 2200', or to paying production at a lesser depth.

I propose to set approximately 100'-10-3/4" O.D. 8rd. thd., 32.75#, Grade H-40 R-1, casing w/ST&C. To be cemented with sufficient cement to circulate to surface. To drill a 10" hole to total depth and if production is found expect to set a production string of 5 1/2" O.D. 8 rd. thd., 15.50#, Grade J-55, R-3, API., smla, casing w/ST&C. To be cemented with approximately 75 sacks of regular cement, 7" O.D. or 8 5/8" O.D., casing will be run if necessary for water shut-off. If production is found this casing will be pulled after production string has been set.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Dear Sir:

This is to acknowledge receipt of your notice of intention to drill Well No. Gibson 1, which is to be located 1320 feet from the north line and 660 feet from the west line of Section 19, Township 18 South, Range 25 East, SEEM, Grand County.

On examination of said notice, it appears that the proposed location of the well does not comply with Rule C-3 (b), General Rules and Regulations of the Oil and Gas Conservation Commission of the State of Utah, nor has information been furnished for an unorthodox location as required by Rule C-3 (c) of said rules and regulations.

Before approval can be given for the drilling of this well, it will be necessary for you to comply with Rule C-3 (b) or if unorthodox spacing is necessary, a request for such spacing must be made as required by Rule C-3 (c).

Yours very truly,

OIL & GAS CONSERVATION COMMISSION

Dear Sir:

On September 10, 1956, the following letter was sent to you by this office:

"This is to acknowledge receipt of your notice of intention to drill Well No. Gibson 1, which is to be located 1320 feet from the north line and 660 feet from the west line of Section 19, Township 18 South, Range 25 East, S1EM, Grand County.

On examination of said notice, it appears that the proposed location of the well does not comply with Rule C-3 (b), General Rules and Regulations of the Oil and Gas Conservation Commission of the State of Utah, nor has information been furnished for an unorthodox location as required by Rule C-3 (c) of said rules and regulations.

Before approval can be given for the drilling of this well, it will be necessary for you to comply with Rule C-3 (c), or if unorthodox spacing is necessary, a request for such spacing must be made as required by Rule C-3 (e)."

Please inform us what you intend to do in this matter.

Yours very truly,

OIL & GAS CONSERVATION COMMISSION

Mr. H. F. Smart,
Commissioner
Oil and Gas Conservation Commission
The State of Utah
Salt Lake City 14, Utah

Dear Sir:

I am in receipt of a letter from Cleon B. Feight with regard to a notice of intention to drill filled by me for the drilling of the No. 1 Gibson located in Sec. 19, Township 18 South, Range 25 East, Grand County.

Evidently, a mistake was made in my office as to the number of feet from boundary lines, so would you please amend the intention to read, "Center of the ~~SE~~^{NW}₄ of Section 19, Township 18 South, Range 25 East." ^{2W}

Yours very truly,

W. R. Gibson, Jr.
