Mr. Carl Losey
P. O. Box 418
Fruita, Colorado

Dear Mr. Losey:

This is to acknowledge receipt of your notice of intention to drill Well No. Bardwell-Gov't. #1, which is to be located 300 feet from the south line and 1100 feet from the west line of Section 10, Township 21 South, Range 23 East, S1M, Grand County, Utah.

Please be advised that insofar as this office is concerned approval to drill said well is hereby granted in accordance with the Order issued in Cause # 2, on the 28th day of June, 1956. However, this approval is conditional upon a Plat being furnished in accordance with Rule C-4 (a), General Rules and Regulations and Rules of Practice and Procedure, Oil and Gas Conservation Commission, State of Utah.

This approval terminates within 90 days if the above mentioned well has not been spudded in within said period.

Very truly yours,

OIL & GAS CONSERVATION COMMISSION

Re: Wells Nos. Bardwell-Gov't. #1 in SW $\frac{1}{4}$
SW $\frac{1}{4}$ of Sec. 10, T. 21 S., R. 23 E.,
and Page-Gov't. #1 in NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec.
10, T. 21 S., R. 23 E., Grand County,
Utah.

Dear Mr. Losey:

It has come to our attention today that you have accused this office of releasing confidential information with respect to one of your wells in Grand County. We would like to point out that as of this date we have never received a written request from you asking us to hold any information on these wells confidential. We have carefully checked the files on the above mentioned wells and there is no remark on any of the forms submitted by you to the effect that this information was to be held confidential or that either of these wells were tight holes.

The scouts for Utah Oil Report and Petroleum Information check our files daily. All files not being held confidential under the Oil and Gas Conservation Act are classified as public records and available to anyone who wants to inspect them. This is not the case insofar as the U. S. Geological Survey is concerned, they are only required to allow their records to be inspected by interested parties.

It should be noted that under the Oil and Gas Conservation Act that anyone falsifying these records is subject to a \$5,000.00 fine.

The integrity of this office has never been questioned and we intend to see that it is never questioned in the future.

If you have any complaint it would be greatly appreciated if you would notify me immediately.

Very truly yours,

OIL & GAS CONSERVATION COMMISSION

CLEON B. FRICHT,
EXECUTIVE SECRETARY

Request Filed
1961

OIL & GAS EXPLORATION

P. O. Box 418
FRUITA, COLORADO

August 7, 1961

Mr. Cleon B. Feight
Oil & Gas Conservation Commission
Salt Lake City, Utah.INRE: Your letter
dated August 4, 1961

Friends:

Concerning your engineer, Mr Harvey Coonts, of Moab, Utah. I like the lad very much and I can assure you that HE is very consciencous and tries to work with everyone, while at the same time protecting the interests of the State. You can be assured that at all times I will be helping him when ever I can, on other matters as well as mine.

You will note in my report on the A Lansdale well, that I ran the casing and HAVE NOT CEMENTED. I have had nothing but bad luck on this well. First, a 1000 Mayhew rotary was rented to do the job- immediately it began to fall to pieces and for over a week, we did almost nothing but repair it. Naturally, I had to spud to get things going and doing that got a depth of 56 feet, where I ran the surface casing. Then I was to let Coonts know on cementing * but again the rig went haywire, (have spent over \$250 on repairs up to now) then the RAINS CAME----- Out went the washes- got a cat to rebuild the washes and the roads and more rain -- Then last Thursday, about a 10:00 AM. I saw it coming and got the driller and his car and the people with the dozer- cat out and through the wash, BUT I got caught and it washed a brand new 1961 chevrolet pick up down the wash for about a half mile, 7 PM in the evening. Walked four miles through rain, mud and water for help. Got another dozer and got the pick up out of the wash, where it had luckily lodged against where the bank had fallen in. It is now in the shop. Went in yesterday with the cat to again rebuild the two washes and road and now have them working again. BUT when I got to the rig the Driller had been up on the rig working on it and jumped down off it and badly sprained his foot, so had to take him to the doctor. I HOPE TO BE RUNNING AGAIN BY TUESDAY. This was one well, I was trying to get down in a hurry, ?????? As soon as can will call Coonts or your office to cement the surface casing in. It is so D--m hot, I may start working at night to save men and equipment. But will notify in any event.

On the A. Lansdale well, as yet I have had no notice to make it a Tight hole, therefore it will be open until I let you know.

Thanking you for your letter of August 4, I beg to remain, yours truly,

Carl Losey

PS: On the June reports, I just cant explain it, as I just make it another carbon copy when I make up the goverment report, so I guess the book is now closed on that also.

Re: Well No. Bardwell Gov't #1
Sec. 10, T. 21 S, R. 23 E.,
Grand County, Utah

Gentlemen:

Our records indicate that you have not filed a Monthly Report of Operations for the months of July, August, September 1962 for the subject well. Rule C-22 (1) of the General Rules and Regulations and Rules of Practice and Procedure, Utah State Oil and Gas Conservation Commission requires that said reports be filed on or before the sixteenth day of the succeeding month. These reports may be filed on Form OGCC-4 "Report of Operations and Well Status Reports", on Company Forms containing substantially the same information, or on U. S. Geological Survey Form 9-329, "Lessee's Monthly Report of Operations". We are enclosing Form OGCC-4.

Also, if you still wish these wells to be held "Confidential" please mark all reports and logs as such. Thank you for your cooperation in this matter.

Very truly yours,

OIL & GAS CONSERVATION COMMISSION
