RE: Tejas Gas Corp. Nos. Federal 1-335,  
and Federal 1-878, Cottonwood Wash  
Area, Grand County, Utah.

Gentlemen:

Thank you for your letter of June 15th regarding the spacing of the above proposed locations.

After studying the situation, Tejas wishes to advise the Commission that Tejas does not desire to drill under Field Rule 2-2 of the Order issued in Cause No. 102-5, since both wells are projected to below 3500'. As provided in the above Cause No. 102-5, Tejas will drill the tests in accordance with the Rules and Regulations set out in Rule C-3(c).

By this letter, Tejas further requests that the Commission approve these locations as filed, by granting Tejas an exception to the spacing requirements set out in Rule C-3(b) based on the difficult topographical conditions we have encountered at these two locations. Tejas owns or controls all the oil and gas lease rights within a 660' radius of each drillsite.

Your early consideration and approval of this request will be appreciated. Thank you for calling this to our attention.

Very truly yours,

TEJAS GAS CORP.
