Sec. 32, T. 20 S, R. 24 E,
Grand County, Utah

Gentlemen:

Insofar as this office is concerned, approval to drill the above referred to well is hereby granted in accordance with the Order issued in Cause No. 102-5. However, this Division will withhold approval for the #32-2 and #32-5 wells until such time as the #32-1 has been deepened and the #32-3 completed; or, until a hearing before the Board has been held.

Should you determine that it will be necessary to plug and abandon this well, you are hereby requested to immediately notify the following:

PAUL W. BURCHELL - Chief Petroleum Engineer
HOME: 277-2890
OFFICE: 328-5771

Enclosed please find Form OGC-S-X, which is to be completed whether or not water sands (aquifers) are encountered during drilling.

In addition, due to Utah's increase in drilling activity, and thus well inspections, it is requested that your company advise this Division (801) 328-5771, of your drilling contractor, the rig number, toolpusher, and exact date of spudding operations.

Very truly yours,
