Surveyed, drawn and certified by H. D. Clark

Signed

Henry Dennison Clark

Colo. Registered Land Surveyor No. 689

Gardner Denver 2000 Rig with 600 CfM compressor and 5" X 8" mud pump.

2. An area 200' X 200 feet will be used in the drilling operation. The location is shown on survey plot.
3. Solid waste will be hauled to a suitable trash disposal area. Liquid waste will be buried in reserve or burn pit. No toxic will be used.
4. There will be no cuts or fills as the drilling location is on a flat mesa.
5. Part of the 200 X 200 foot location caused the vegetation to be destroyed.
6. The restoration of the destroyed area will comply with B.L.M. regulations upon completion of the test hole.
7. Caution will be used in prevention air or water pollution.
8. Water will be obtained from Cisco Springs 4 miles west of the location.
9. The enclosed maps show the existing roads and new roads to be built.
10. No explosives will be used if natural gas is encountered it will be flared into burn pit while testing.
11. 600 feet of new road will be required. The area is on a flat mesa and no cuts or fills will be required. The B.L.M. District Manager will be contacted for approval of the new road construction.
12. The roads will be rehabilitated in a manner approved by B.L.M. representatives.
13. The location will be graded after the drilling operation is finished.
14. This location is on flat land with sparse sage brush cover.

29

NEW ROAD
PEAK MAN
LOCATION

Dog house

Rig

Pipe

Mud Pit

The area will be re-seeded and restored to BLM specifications.

If a tank battery is needed it will be at same location as the dog house, as shown on accompanying map.

The area required for the new road and location is flat and, therefore, will not require cuts or fills.

Re: Well No. Cisco Federal #5
Sec. 29, T. 20 S, R. 24 E,
Grand County, Utah

Gentlemen:

Insofar as this office is concerned, approval to drill the above referred to well is hereby granted in accordance with the Order issued in Cause No. 102-5.

Should you determine that it will be necessary to plug and abandon this well, you are hereby requested to immediately notify the following:

PATRICK L. DRISCOLL - Chief Petroleum Engineer
OFFICE: 533-5771

or

CLEON B. FEIGHT - Director
HOME: 466-4455

Enclosed please find Form OGC-8-X, which is to be completed whether or not water sands (aquifers) are encountered during drilling.

The API number assigned to this well is 43-019-30264.

Very truly yours,

DIVISION OF OIL, GAS, AND MINING

CLEON B. FEIGHT
DIRECTOR

Re: Application for Permit to Drill -
Well No. Cisco 5, Sec. 29-T0S-24E
Grand County, Utah
Lease U-034745

Gentlemen:

Approximately five months have elapsed since receipt of the subject Application for Permit to Drill and there is no record of inquiry as to the status of this application. Since this was never approved and we have no record of any activity at this location, we are, therefore, returning your application.

If you should again desire to drill at this location, please resubmit the Application for Permit to Drill.

Sincerely yours,

E. W. Guynn
District Engineer
