Insofar as this office is concerned, approval to drill the above referred to oil well is hereby granted in accordance with the Order issued in Cause No. 102-16B dated September 26, 1979.

Should you determine that it will be necessary to plug and abandon this well, you are hereby requested to immediately notify the following:

MICHAEL T. MINDER - Petroleum Engineer  
Office: 533-5771  
Home: 876-3001

Enclosed please find Form OGC-8-X, which is to be completed whether or not water sands (aquifers) are encountered during drilling. Your cooperation in completing this form will be appreciated.

Further, it is requested that this Division be notified within 24 hours after drilling operations commence, and that the drilling contractor and rig number be identified.

The API number assigned to this well is 43-019-30724.

Sincerely,

DIVISION OF OIL, GAS, AND MINING

Dear Ms. Reid:

Pursuant to your letter dated October 14, 1981, there has been no drilling activity initiated on the subject wells. Supron Energy Corporation is currently evaluating the production activity of the F-1-20-21 #1 well located in the same section as the above wells, and a determination either to drill or not will be made on this study. Your office will be notified as to the nature of this evaluation.

If further information is needed, please advise.

Very truly yours,

*Dan R. Collier*

Gentlemen:

The Applications for Permit to Drill the referenced wells were approved on June 26 and June 25, 1981, respectively. Since that date no known activity has transpired at the approved locations. Under current District policy, applications for permit to drill are effective for a period of one year. In view of the foregoing this office is rescinding the approval of the referenced applications without prejudice. If you intend to drill at these locations at a future date, new applications for permit to drill must be submitted.

This office requires a letter confirming that no surface disturbance has been made for these drill sites. Any surface disturbance associated with the approved locations of the wells is to be rehabilitated. A schedule for this rehabilitation must then be submitted to this office. Your cooperation in this matter is appreciated.

Sincerely,

E. W. Guynn
