Dear Mr. Sims:

The "Surface Use Development Plan" for the proposed McElmo Creek Unit Well #V-14 is as follows:

1. The existing roads and the location of the off road exits are shown on the attached road and pipeline plat.
2. The 1100' of new access road that will be necessary is shown on the attached plat. No major cuts or fills will be required. The existing road will require improvements to provide a 20' wide travel surface.
3. The location and status of wells in the vicinity are shown on the attached road and pipeline plat.
4. The location of any production facilities, flow lines and lateral roads in the vicinity of the proposed well are shown on the attached plat. The 2" flow line, from the proposed well will run 2800' west to an existing tank battery, the area of the tank battery being approximately 100' X 300' where the oil, gas and water will be separated. If the new production facilities are required, a detailed building plan will be submitted for approval.
5. Water for drilling operations will be obtained from the San Juan River.
6. Materials necessary for the construction and drilling pad will be obtained from the location. No access roads for the purpose of hauling materials will be necessary.

RE: McElmo Creek Unit # V-14, API # 43-037-30653

A review of this file shows that when the well was approved in 1981, the API # was transposed and the wrong number given to the operator. There are only two forms received from Superior Oil Company - the operator at the time - with an API#, and they show the wrong number.

I have contacted Mobil Exploration & Production, Mark Del Pico, 713-431-1022. He will check their file and the API# to be sure they have it correct. The production is being reported with the correct number, but we send out the forms and we have the correct information in our data base.

The file will be adjusted to show the correct API#.

Change of Name – Mobil Oil Corporation to
ExxonMobil Oil Corporation

Dear Mr. Thompson

Effective June 1, 2001, Mobil Oil Corporation (MOC) changed its name to ExxonMobil Oil Corporation (EMOC). This was a name change only; EMOC is the same corporation as Mobil Oil Corporation, but with a new name. No facility or other asset was transferred from one corporation to another by virtue of the name change. Specifically, EMOC will remain the owner and operator of its existing exploration and production oil and gas properties and facilities, as well as relevant permits.

There is no change to the name of Exxon Mobil Corporation, the ultimate shareholder of EMOC.

Please note the change of name of MOC to ExxonMobil Oil Corporation in your records pertaining to any MOC permits.

The Federal Identification Number for MOC (13-5401570) will remain the same for EMOC.

A copy of the Certification, Bond Rider and a list of wells are attached.
