APPLICATION FOR DRILLING PERMIT
LAWRENCE NEILSON NO. 1
SECTION 19-T16S-R3E SLB&M
SANPETE COUNTY, UTAH

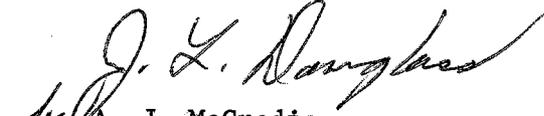

Gentlemen:

Enclosed is an application for a permit to drill the Lawrence Neilson No. 1 well. An exception under Rule C-3(c) will be required and is hereby requested.

The location of the proposed test is only 311 feet from the quarter quarter section line. The operator is the owner of oil and gas leases within 660 feet and all leases in the south half of the section. This exception is requested to provide a geologic advantage.

An exception is also requested under Rule C-8(b)(1). Fresh water in this area is believed to extend to a depth near 800 feet. An exception is requested for this well to permit the running of only 400 feet of 9-5/8-inch surface casing but, if the well is completed, the 5-1/2-inch production casing will have cement circulated to the surface thereby covering and protecting all fresh water zones. If production casing is not run, a cement plug will be placed through the entire fresh water interval for protection.

Yours very truly,

A. J. McCredie
Division Regulatory Engineer

Re: Lawrence Neilson #1
Sec. 19, T. 16 S., R. 3 E.,
Sanpete County

Dear Mr. McCredie:

Insofar as this office is concerned, approval to drill the above referred to well on said unorthodox location is hereby granted in accordance with Rule C-3(c), General Rules and Regulations and Rules of Practice and Procedure.

Should you determine that it will be necessary to plug and abandon this well, you are hereby requested to immediately notify the following:

MICHAEL T. MINDER - Geological Engineer
HOME: 876-3001
OFFICE: 533-5771

Enclosed please find Form OGC-8-X, which is to be completed whether or not water sands (aquifers) are encountered during drilling. Your cooperation in completing this form will be appreciated.

Further, it is requested that this Division be notified within 24 hours after drilling operations commence, and that the drilling contractor and rig number be identified.

The API number assigned to this well is 43-039-30010.

Sincerely,

DIVISION OF OIL, GAS AND MINING

RE: Well No. Lawrence Neilson #1
Sec. 19, T. 16S, R. 3E,
Sanpete County, Utah

Gentlemen:

reference to above mentioned well(s), considerable time
has elapsed since approval was obtained from this office.

This office has not received any notification of spudding.
If you do not intend to drill this well (these wells), please
advise this Division. If spudding or any other activity has taken
place, please send necessary forms.* If we do not hear from your
office within fifteen (15) days, we will assume you do not intend
to drill this well, and action will be taken to terminate the
application. If you plan on drilling this well at a later date,
please notify us as such.

Your prompt attention to the above will be greatly appreciated.

Very truly yours,

DIVISION OF OIL, GAS, AND MINING

of (Company/Organization) Surface Owner - P.O. Box 448 Huntington Wt. 84528

3. Topic of Conversation: mobil oil Corp. requesting bond release, any surface disturbance?

4. Highlights of Conversation: _____

Mr. McElprang says no surface disturbance was done to his property & site in regard to the above stated well. He releases mobil Oil Corp. from liability but does not want to send us a letter stating so, he says I can go look at the site, take pictures & release liability from a Div. stand point, no locked gates at site.

* Not necessary to inspect per Admin. (GHE:DG)

Comments

Surface owner is "Elven McElprang/435-687-2236" per Sanpete County Recorder. Spoke with Mr. McElprang today, he says no surface disturbance was done to his property at the proposed wellsite. He verbally releases Mobil Oil Corp. from liability, he does not want to send us a letter stating so because of inconvenience. He says I can go look at the site anytime-no locked gate(s). The well permit was approved by DOGM on 7/31/79 and was rescinded 2/12/80. The well was not drilled. Per Admin (GH & DJ), it is not necessary to inspect the site, bond release granted.
