Re: Well No. Bridger Lake #9  
Sec. 24, T. 3 N, R. 14 E,  
Summit County, Utah

Gentlemen:

We are in receipt of your Lessee's Monthly Report of Operations, for the month of August, 1971, on which the above referred to well has been listed as a location.

Please be advised that as this well was approved by this Division in November, 1967, and has not yet been spudded, approval to drill is hereby terminated. Therefore, if and when you should decide to drill this well, it will be necessary for your company to again obtain the approval of this Division.

In addition, upon checking our records, it is noted that we do not have a Notice of Intent to Drill on file for the Bridger Lake #13, 17-3N-14E, as you have indicated on your August report; consequently, it will be necessary for you to file said notice with this office prior to spudding this well.

If you should have any questions with regard to the above, please do not hesitate to call or write.

Very truly yours,

DIVISION OF OIL & GAS CONSERVATION
