Re: West Walker Hollow
T. 6 S., R. 22 E.
Uintah County, Utah

Gentlemen:

We recently surveyed the location to be drilled in SE SE Section 26, T. 6 S., R. 22 E. and found that it fell in a steep-walled canyon with 200 feet of vertical relief. To avoid building a rather hazardous and expensive road and location, we would like to move the location 222 feet east and 214 feet south. A survey plat of this location is enclosed.

Would you kindly consider my request to move this location this distance and if you are agreeable, please acknowledge on the enclosed copy and return it.

Yours very truly,

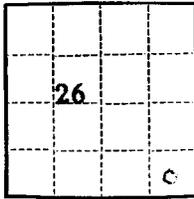

H. P. McLish

mab

We agree to the change of location
set out above.

Well ~~N~~Alpine #1 is located 446 ft. from ~~XX~~_S line and 438 ft. from ~~XX~~_E line of sec. 26

SESE Sec. 26 T. 6 S. R. 22 E. SLB&M
(1/4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)
~~Unnamed~~ Uintah County Utah
(Field) (County or Subdivision) (State or Territory)

The elevation of the ~~derrick floor~~ above sea level is 4969.37 ft. *Shinden*

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Permission for the location described has been obtained from owner offsetting lease.

Establishing location in the manner shown was necessary to avoid extreme topographic relief.

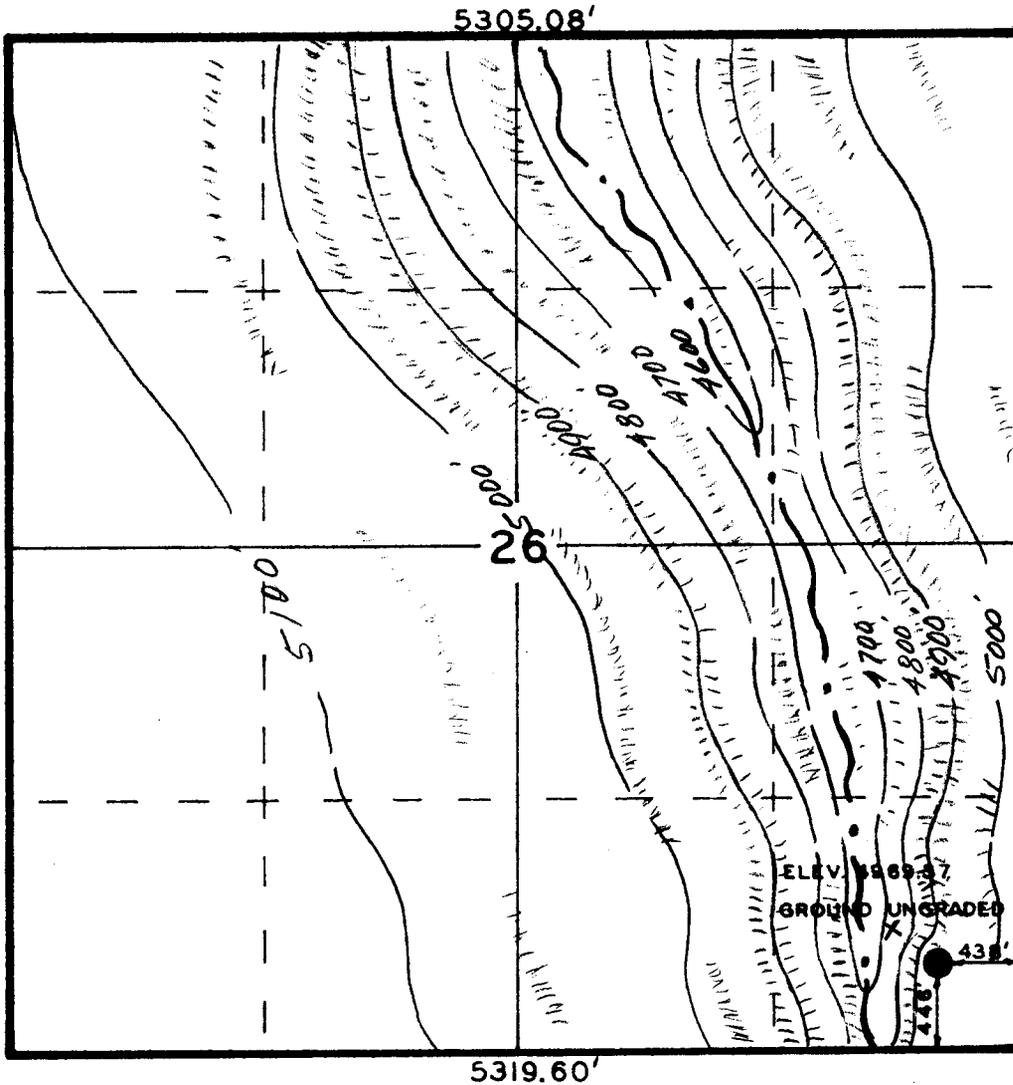

Drill 7-7/8" hole. Set 220' of 10-3/4" J55 surface casing.

6600' Wasatch test.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Gentlemen:

You will find enclosed a request for spacing exception as per Rule C-3(c), State of Utah, Oil and Gas Conservation Commission. Also enclosed are written consents from adjoining lease holders agreeing to this change.

For ease of explanation you will find a sketch of the topography to substantiate our request.

Should any further information be needed, we will comply immediately.

Very truly yours,

ALPINE OIL COMPANY, INC.

Gentlemen:

This is to acknowledge receipt of your notice of intention to drill Well No. Alpine # 1, which is to be located 446 feet from the south line and 438 feet from the east line of Section 26, Township 6 South, Range 22 East, S1EM, Uintah County, Utah.

Please be advised that insofar as this office is concerned approval to drill said well on said unorthodox location is hereby granted in accordance with Rule C-3 (c), General Rules and Regulations and Rules of Practice and Procedure, Utah State Oil and Gas Conservation Commission.

This approval terminates within 90 days if the above mentioned well has not been spudded in within said period.

Very truly yours,

OIL & GAS CONSERVATION COMMISSION

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

As per our telephone conversation with Mr. D. F. Russell on June 1, 1962, we propose this following plugging program:

- 45 sacks from 6350-6500
- 45 sacks from 3150-3300
- 75 sacks from 100 - 300
- 25 sacks Surface

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
