Wildcat Uintah Utah  
(Field) (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is \_\_\_\_\_ ft. (Will be furnished later)

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

We propose to drill with rotary tools to approximately 6500' and test Wasatch and Mesaverde sections for commercial production. Estimated formation tops are as follows:

Green River 740'  
Wasatch 3250'  
Mesaverde 5800'

Proposed Casing Program:

900' - 10-3/4" 32.75# H-40 - Cement to surface  
6500' - 4-1/2" 9.50# & 10.50# J-55 - 1000 ax.  
6500' - 2-3/8" EUE 4.70# J-55 Tubing

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Salt Lake City, Utah

Attn: Mr. Cleon B. Feight

Gentlemen:

This is to confirm my recent request by telephone for an exception to the 500' from the quarter section spacing rule as it pertains to our Government #1-15 well to be drilled immediately in Uintah County, Utah. The location as now proposed is as follows:

2080' S/NL & 2190' W/EL of Section 15,  
T-12-S, R-21-E, Uintah County, Utah

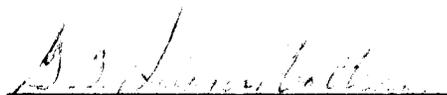

It was necessary to move this location to a point only 450' from the west line of the northeast quarter section in order to eliminate excessive cost and delay in preparing the location at a point which would be regular insofar as Utah State Wide Rules prescribe. Delhi-Taylor now owns the lease or will earn with this well a farm-out on all acreage within 660' from the above proposed location.

Thank you very much for your co-operation and assistance in this matter. If you need additional information, please advise.

Yours very truly,

DELHI-TAYLOR OIL CORPORATION

Attn: G. T. Higginbotham, Dist. Supt.

Gentlemen:

This is to acknowledge receipt of your amended notice of intention and letter requesting an unorthodox location for Well No. Government #1-15, which is to be located 2080 feet from the north line and 2190 feet from the east line of Section 15, Township 12 South, Range 21 East, S1EM, Uintah County, Utah.

Please be advised that insofar as this office is concerned approval to drill said well on said unorthodox location is hereby granted under Rule C-3 (c), General Rules and Regulations and Rules of Practice and Procedure, Utah State Oil and Gas Conservation Commission. However, said approval is conditional upon a Plat being furnished this office in accordance with said rules and regulations.

This approval terminates within 90 days if the above mentioned well has not been spudded in within said period.

Very truly yours,

OIL & GAS CONSERVATION COMMISSION

Government  
Well No. 1-15 is located 2080 ft. from [N] line and 2190 ft. from [E] line of sec. 15

NE 1/4 Sec. 15 (Sec. and Sec. No.)      T-12-S (Twp.)      R-21-E (Range)      Salt Lake (Meridian)  
Wildcat (Field)      Uintah (County or Subdivision)      Utah (State or Territory)

The elevation of the derrick floor above sea level is 6227 ft. C.L.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Well spudded July 31, 1961, at 4:00 A.M. Drilled 9-7/8" hole to 325' and reamed to 15". Ran 10-3/4" 32.75# H-40 casing. Landed at 315' w/250 sts. 50-50 posmix "A" 4% gel, 2% HA-5. Plug down 8:00 P.M. Circulated cement to surface. Prior to drilling plug out, casing was tested with 500# pressure for 30 minutes with no drop; after drilling out cement, rotary was stopped and fluid level was measured for any drop or rise, fluid level remained stationary.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
