

Paiute Oil and Mining Corporation

December 1, 1983

State of Utah
Natural Resources OG&M
4241 State Office Building
Salt Lake City, UT 84111

ATTN: Norman C. Stout

Dear Norm:

Enclosed, please find Designation of Operator from Gulf Oil.

Application to Drill will follow as soon as I have the proper paper work don.

Respectfully yours

Donald J. Johnson
Vice President/
Oil & Gas Operations
PAIUTE OIL & MINING CORP.

Well Location

Located In

Section 2, T6S, R20E, SLBM

Uintah County, Utah

Paiute Oil & Mining Co.
Well Location
Section 2, T6S, R20E, S.L.B.M.

1. EXISTING ROADS

See attached Topographic Map "A" & "B".

To reach Paiute Oil & Mining Corp. well location site, located in the SW 1/4, SW 1/4, Section 2, T6S, R20E, S.L.B.M., Uintah County, Utah:

Proceed Easterly out of Roosevelt, Utah along U.S. Highway 40 - 17. miles this Highway and an existing road to the South; proceed South along this road 1.56 miles to its location with the beginning of the proposed access road (to be discussed in Item #2).

There is no anticipated construction on any portion of the above described roads. They will meet the necessary standards required to facilitate an orderly flow of traffic during the drilling phase, completion phase, and production phase of this well at such time that production is established.

The roads that are required for access during the drilling phase, completion phase, and production phase of this well, will be maintained at the standards required by the B.I.A. or other controlling agencies.

2. PLANNED ACCESS ROAD

See Topographic Map "B"

The proposed access road leaves the existing road described in Item #1 in Section 10, T6S, R20E, and proceeds in a Easterly direction 3/4 miles East to the proposed location site.

In order to facilitate the anticipated traffic flow necessary to drill and produce this well, the following standards will be met:

The proposed access road will be an 18' crown road (9' either side of the centerline) with drain ditches along either side of the proposed road where it is determined necessary in order to handle any run-off from normal meteorological conditions that are prevalent to this area.

Back slopes along the cut areas of the road will be 1 1/2 to 1 slopes and terraced.

The road will be centerline flagged prior to the commencement of construction.

There will be no culverts required along this access road.

The grade of this road is relatively flat but will not exceed 8%. This road will be constructed from native borrow accumulated during construction.

There will be no turnouts required along this road.

There are no fences encountered along this access road, there will be no gates or cattleguards required.

The terrain that this access road traverses is relatively flat.

All lands involved under this action are under Private Ownership.

The vegetation of this route consists of sparce amounts of sagebrush, rabbitbrush, some grasses, and cacti with large areas that are devoid of vegetation.

3. EXISTING WELLS

There are 2 known producing wells within a two mile radius of this location site. (See Topographic Map "B" for the location of these wells relative to the proposed location site.

There are no known water wells, temporarily abandoned wells, disposal wells, drilling wells, shut-in wells, injection wells, monitoring or observation wells for other resources located within a two-mile radius of this location site.

4. LOCATION OF TANK BATTERIES, PRODUCTION FACILITIES AND PRODUCTION GATHERING AND SERVICE LINES

At the present time there no other PAIUTE OIL & MINING CORPORATION production facilities, and gas gathering lines, tank batteries, oil gathering lines, injection line or disposal lines within a one mile radius.

In the event that production of this well is established the existing area of the location will be utilized for the establishment of the necessary production facilities.

The total area that is needed for the production of this well will be fenced and cattleguards will be utilized for access to these facilities.

The area will be built if possible, with native materials and if these materials are not available, then the necessary arrangements will be made to get them from a private source.

The proposed gas flowline will probably not be applicable at this time.

If there is any deviation from the above, all appropriate agencies will be notified.

Rehabilitation of disturbed areas no longer needed for operations after construction is completed will meet the requirements of Item #10,

5. LOCATION AND TYPE OF WATER SUPPLY

See Topographic Map "A".

Water to be used for the drilling and production of this well will be pumped from the Uintah River to the Southwest corner of the proposed location site.

All regulations and guidelines will be followed and no deviations will be made unless all concerned agencies will be notified.

There will be no water well drilled at this location site.

6. SOURCE OF CONSTRUCTION MATERIALS

All construction material for this location site and access road shall be borrow material accumulated during construction of the location site and access road. No additional road gravels or pit lining material from other sources are anticipated at this time, but if they are required, the appropriate actions will be taken to acquire them from private sources.

7. METHODS OF HANDLING WASTE DISPOSAL

See Location Layout Sheet.

A reserve pit shall be constructed.

The reserve pit will be 6' deep and at least half of the depth of the reserve pit shall be below the existing ground surface.

One-half of the reserve pit will be used as a fresh water storage area during the drilling of this well and the other one half will be used to store non-flammable material such as cuttings, salts, drilling fluids, chemicals, produced fluids, etc.

If deemed necessary by the agencies concerned, to prevent contamination to surrounding areas, the reserve pit will be lined with a gel.

The pits will have wire and overhead flagging installed at such time as deemed necessary to protect the water fowl, wildlife, and domestic animals.

At the onset of drilling, the reserve pit will be fenced on three sides and at the time the drilling activities are completed, it will be fenced on the fourth side and allowed to dry completely prior to the time that backfilling and reclamation activities are attempted.

When the reserve pit dries and the reclamation activities commence, the pits will be covered with a minimum of four feet of soil and all requirements of Item #10 will be followed.

A portable trash basket will be placed on the location site and all trash will be hauled to the nearest Sanitary Landfill.

A portable chemical toilet will be supplied for human waste.

8. ANCILLARY FACILITIES

There are no ancillary facilities planned for at the present time and none foreseen in the near future.

9. WELL SITE LAYOUT

See attached location layout sheet.

The B.I.A. Representative shall be notified before any construction begins on the proposed location site and road.

As mentioned in Item #7, the pits will be unlined unless it is determined by the representatives of the agencies involved that the materials are too porous and would cause contamination to the surrounding area; then the pits will be lined with a gel and any other type of material necessary to make it safe and tight.

When drilling activities commence, all work shall proceed in a near and orderly sequence.

10. PLANS FOR RESTORATION OF SURFACE

As there is some topsoil on the location site, all topsoil shall be stripped and stockpiled. (See location layout sheet and Item #9). When all drilling and production activities have been completed, the location site and access road will be reshaped to the original contour and stockpiled topsoil spread over the disturbed area.

Any drainages re-routed during the construction activities shall be restored to their original line of flow as near as possible. Fences around pits are to be removed upon completion of drilling activities and all waste being contained in the trash basket shall be hauled to the nearest sanitary landfill.

Restoration activities shall begin within 90 days after completion of the well. Once Restoration activities have begun, they shall be completed within 30 days.

When restoration activities have been completed, the location site and access ramp shall be reseeded with a seed mixture recommended by the B.I.A. Representative when the moisture content of the soil is adequate for germination. The Lessee further covenants and agrees that all of said clean up and restoration activities shall be done and performed in a diligent and most workmanlike manner and in strict conformity with the above mentioned Item #7 and #10.

11. OTHER INFORMATION

The Topography of the General Area - (See Topographic Map "A")

The area slopes from the rim of the Book Cliff Mountains to the South to the Uintah Mountains to the North, and is a portion of the Uintah Basin. The area is interlaced with numerous canyons and ridges which are extremely steep with numerous ledges formed in sandstone, conglomerates, and shale deposits.

The majority of the washes and streams in the area are non-perennial in nature with the only one in the area having a year round flow being the Montes Creek to the North, of which the numerous washes, draws and non-perennial streams are tributaries to.

The majority of the surrounding drainages are of a non-perennial nature with normal flow limited to the early spring and extremely rare heavy thunderstorms, or rainstorms of high intensity that lasts over an extended period of time and are extremely rare in nature as the normal annual precipitation is only 8".

All drainages in the immediate area are non-perennial streams and flow to the South and are tributaries to the Green River.

The soils of this semi-arid area are of the Uinta Formation and Duchesne River Formation (the Fluvial Sandstone and Mudstone) from the Eocene Epoch and Quaternary Epoch (gravels surfaces) and the visible geologic structure consists of light brownish-gray clays (OL) to sandy soils (SM-ML) with poor gravels and shales with outcrops of rock (sandstone, mudstone, conglomerates and shales).

Due to the low precipitation average climatic conditions and the marginal types of soils, the vegetation that is found in the area are common of the semi-arid region we are located in and in the lower elevations of the Uintah Basin. It consists of, as primary flow areas of sagebrush, rabbitbrush, some grasses, and cacti and large areas of bare soils devoid of any growth in the areas away from and in the vicinity of non-perennial streams and along the areas that are formed along the edges of perennial streams, cottonwood, willows, tamarack sagebrush, rabbitbrush, grasses and cacti can be found.

The fauna of the area is sparse and consists predominantly of the mule deer, coyotes, pronghorn antelope, rabbits, and varieties of small ground squirrels and other types of rodents, and various reptiles common to this area.

Paiute Oil & Mining Corporation
Well Location
Section 2, T6S, R20E, S.L.B.M.

The birds of the area are raptors, finches, ground sparrows, magpies, crows, and jays.

The area is used by man for the primary purpose of grazing domestic livestock.

The Topography of the Immediate Area - (See Topographic Map 'B')

This well location site sits on a relatively flat area approximately 1200' Northeast of the West channel of the Uintah River.

The geologic structure of the location is of the Uinta Formation and consists of light brownish-gray clay (SP-PL) with some sandstone outcrops.

The ground slopes from the North through the site to the South at approximately a 1.0% grade.

The location is covered with some sagebrush and grasses.

The total surface ownership affected by this location is owned by the Western Petroleum.

There are no occupied dwellings or other facilities of this nature in the general area.

There are no visible archaeological, historical, or cultural sites within any reasonable proximity of the proposed location site. (See Topographic Map 'B').

(Submit in Triplicate)

Director, State Land Board, State of Utah

DESIGNATION OF OPERATOR

The undersigned is, on the records of the State of Utah, holder of oil and gas lease

State Land Board, State Capital Bldg., Salt Lake City, Utah
Mineral Lease No. 21181

and hereby designates

NAME: Paiute Oil and Mining Corporation
ADDRESS: 1901 Prospector Sq., P. O. Box 1329, Park City, Utah 84060

as his operator and local agent, with full authority to act in his behalf in complying with the terms of the lease and regulations applicable thereto and on whom the supervisor or his representative may serve written or oral instructions in securing compliance with the Oil and Gas Operating Regulations with respect to (describe acreage to which this designation is applicable):

Township 6 South, Range 20 East, S.L.M.
Section 2: All

It is understood that this designation of operator does not relieve the lessee of responsibility for compliance with the terms of the lease and the Oil and Gas Operating Regulations. It is also understood that this designation of operator does not constitute an assignment of any interest in the lease.

In case of default on the part of the designated operator, the lessee will make full and prompt compliance with all regulations, lease terms, or orders of the Director or his representative.

The lessee agrees promptly to notify the State Land Board of any change in the designated operator.

RE: Well No. Walker-Paiute 2-1A
SWSW Sec. 2, T. 6S, R. 20E
500' FSL, 660' FWL
Uintah County, Utah

Gentlemen:

Insofar as this office is concerned, approval to drill the above referred to oil well is hereby granted in accordance with the Order issued in Cause No. 132-1 dated February 14, 1968.

Should you determine that it will be necessary to plug and abandon this well, you are hereby requested to immediately notify the following:

RONALD J. FIRTH - Chief Petroleum Engineer
Office: 533-5771
Home: 571-6068

Enclosed please find Form OGC-8-X, which is to be completed whether or not water sands (aquifers) are encountered during drilling. Your cooperation in completing this form will be appreciated.

Further, it is requested that this Division be notified within 24 hours after drilling operations commence, and that the drilling contractor and rig number be identified.

The API number assigned to this well is 43-047-31431.

Sincerely,

R. J. Firth
Chief Petroleum Engineer

REINSTATEMENT OF OIL, GAS, AND HYDROCARBON LEASE ML 21181

File → The Director's Minutes of January 3, 1984, contained a listing of Oil, Gas, and Hydrocarbon leases which would have expired by their own terms on December 31, 1983. One of the leases listed is ML 21181 covering All of Section 2, T6S, R20E, SLB&M. We have now had a request for extension of this lease because of drilling operations. Our investigation reveals that Paiute Oil and Mining Corporation, P.O. Box 1329, Park City, UT 84060, had spudded their Walker-Paiute 2-1A Well in this section on December 28, 1983, and they are, therefore, qualified to receive a two-year extension of the lease under the provisions of Rule 11(j) of the Rules and Regulations Governing the Issuance of Mineral Leases.

I recommend that this lease be reinstated and that it be extended for two years until December 31, 1985, because of the drilling operations being conducted by Paiute Oil and Mining Corporation.

Upon recommendation of Mr. Prince, the Director approved the reinstatement of the above captioned Oil, Gas and Hydrocarbon Lease.

STATEWIDE BOND OF LESSEE, SHELL WESTERN E & P INC.

Shell Oil Company has transferred a portion of their oil and gas operations to a subsidiary of Shell Oil Company, Shell Western E & P Inc. Shell Western E & P Inc. has submitted a statewide bond of lessee to cover their operations on State lands. This bond is in the amount of \$25,000. The surety company is Insurance Company of North America, Bond Number Shell 1841, dated December 21, 1983.

This bond is in order, and upon recommendation of Mr. Prince, the Director accepted the above captioned statewide bond.

STATEWIDE BOND OF LESSEE, PAIUTE OIL AND MINING CORPORATION AND T.W.T. EXPLORATION COMPANY, INC.

Paiute Oil and Mining Corporation, and T.W.T. Exploration Company, Inc. have filed a statewide bond of lessee to cover their operations on State lands.

This bond is in the amount of \$25,000. The surety is The Aetna Casualty and Surety Company, Bond Number 19 S 44, 570 BCA. This bond is in order, and upon recommendation of Mr. Prince, the Director approved the above captioned statewide bond.

INSTRUCTIONS

General: This form is designed for submitting a complete and correct well completion report and log on all types of lands and leases to either a Federal agency or a State agency, or both, pursuant to applicable Federal and/or State laws and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office. See instructions on items 22 and 24, and 33, below regarding separate reports for separate completions.

If not filed prior to the time this summary record is submitted, copies of all currently available logs (drillers, geologists, sample and core analysis, all types electric, etc.), formation and pressure tests, and directional surveys, should be attached hereto, to the extent required by applicable Federal and/or State laws and regulations. All attachments should be listed on this form, see item 35.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 18: Indicate which elevation is used as reference (where not otherwise shown) for depth measurements given in other spaces on this form and in any attachments. Items 22 and 24: If this well is completed for separate production from more than one interval zone (multiple completion), so state in item 22, and in item 24 show the producing interval, or intervals, top(s), bottom(s) and name(s) (if any) for only the interval reported in item 33. Submit a separate report (page) on this form, adequately identified, for each additional interval to be separately produced, showing the additional data pertinent to such interval.

Item 29: "Sacks Cement": Attached supplemental records for this well should show the details of any multiple stage cementing and the location of the cementing tool.

Item 33: Submit a separate completion report on this form for each interval to be separately produced. (See instruction for items 22 and 24 above.)

37. SUMMARY OF POROUS ZONES:

SHOW ALL IMPORTANT ZONES OF POROSITY AND CONTENTS THEREOF; CORED INTERVALS; AND ALL DRILL-STEM TESTS, INCLUDING DEPTH INTERVAL TESTED, CUSHION USED, TIME TOOL OPEN, FLOWING AND SHUT-IN PRESSURES, AND RECOVERIES

Paiute Oil & Mining Corporation
1901 Prospector Square
Park City, Utah 84060

Gentlemen:

Re: Well No. Walker Paiute 2-1A - Sec. 2, T. 6S., R. 20E
Uintah County, Utah - API #43-047-31431

According to our records a "Well Completion Report" filed with this office November 8, 1984 on the above referred to well indicates the following electric logs were run: DIL, CDN, S, DE, GR & Cement Bond. This office has not yet received these logs.

Please take care of this matter as soon as possible, but not later than April 13, 1985.

Your cooperation in this matter is appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Pam Kenna".

Re: Roosevelt Unit #18-A1E, Roosevelt Unit #15-A1E

To Whom It May Concern:

Enclosed please find the Production Reports for the above referenced wells. Per your instructions, we were told not to submit these reports until we had our bonds in place. Our bonds are in place and therefore we have submitted the reports to date.

Also enclosed are the Sundry Notices for the Roosevelt Unit #13, #1, #11, #2, #4 and the East Gusher 1-2A. We would appreciate getting Production Reports for the RU #13 as soon as possible, so we may show the status of that well.

If you have any questions or require any additional information, please do not hesitate to contact me.

Sincerely,

M. Denise Hannan

RE: Sundry Notice for Plugging East Gusher #1-2A
(Permit # 43-047-31431) and Pomco Unit #14-8
by Gavilan Petroleum, Inc.

Dear Mr. Baza:

Enclosed please find a copy of a Sundry Notice Gavilan filed for plugging on the East Gusher #1-2A. Unfortunately I do not have a copy of the Pomco #14-8 notice.

Please be advised that Caloco Energy and Orbis Ex-Im are the working interest owners of these properties. Gavilan has not been given consent by the working interest owners to plug these wells.

If you have any questions or need further information please do not hesitate to call me at (214) 247-4890.

Sincerely,

Calvin Wallen III

January 30, 1990

Mr. Jerry A. Dietz
Gavilan Petroleum, Inc.
P.O. Box 1656
Roosevelt, Utah 84066

Dear Mr. Dietz:

Re: Proposed Plugging and Abandonment of East Gusher #1-2A, Section 2, Township 6 South, Range 20 East, Uintah County, Utah

The Division of Oil, Gas and Mining has received and reviewed your proposal to plug and abandon the referenced well as stated in your sundry notice dated December 20, 1989. Because of an objection filed by Caloco Energy, Inc. on January 5, 1990, the Division cannot approve your proposal without a hearing before the Board of Oil, Gas and Mining.

After receiving your sundry notice, the Division received a letter from Mr. Calvin Wallen III of Caloco Energy, Inc. A copy of the letter is enclosed and in the letter Caloco objects to the plugging and abandonment of the referenced well. As a working interest owner of the well, Caloco indicates that Gavilan does not have approval from the working interests owners to proceed with the plugging of the well. Because of the Division's responsibility to protect the correlative rights of all owners in a well, the proposal to plug and abandon cannot be approved without the matter being fully heard and decided by the Board.

In our telephone conversation of January 12, 1990, you explained the circumstances surrounding your request for approval. As I understand it, Gavilan sold their interest in the well to Caloco, but Caloco has never established proper bonding to be recognized as operator of the well. Because the well is located on a state mineral lease, the Utah Division of State Lands and Forestry is the agency holding the bond for the well. This Division cannot show a change in operatorship for the well unless the State Lands Division indicates that the proper change in mineral ownership and bonding has been performed. I suggest that you discuss the matter of proper bonding with the Division of State Lands and Forestry and perhaps their requirements for bonding can be enforced upon Caloco.

In relation to plugging of the referenced well, Gavilan must present a Request for Agency Action to the Board and schedule a hearing in order to establish justification for plugging and abandoning the well. Such justification may include economic factors, environmental protection issues, or evidence that the well is causing waste. If it is shown that the well should be plugged, the Board may then order such action.

Page 2
Mr. Jerry Dietz
January 30, 1990

I recognize the situation you are placed in because of the inability of Caloco to comply with the pertinent bonding requirements; however, the Division cannot legitimately approve plugging and abandonment of the referenced well when we are aware of an objection by one of the owners. In order to resolve this matter, all parties will have to present their case to the Board for a final decision.

Please contact me again if you have any additional questions or concerns.

Sincerely,

A handwritten signature in cursive script that reads "John R. Baza". The signature is written in black ink and is positioned above the printed name and title.

Township 6 South, Range 20 East, SLM
Section 2: All

Uintah County, Utah

Phoenix Hydrocarbons, Inc. has acquired leasehold interests from Caloco Energy, Inc. and Fred Lieber, effective as of June 1, 1991, and is now the responsible party under the terms and conditions of State Lease ML 21181 insofar as it covers the above lands. Phoenix Hydrocarbons, Inc. is covered by Irrevocable Standby Letter of Credit No. 10005 issued by Texas Commerce Bank - Midland, N. A. in favor of the Utah Division of Oil, Gas & Mining, revised 1/4/91. Phoenix is also covered under State-wide Oil and Gas Bond #B01258, filed and accepted March 23, 1988 by the Chief of the Minerals Adjudication Section, United States Department of the Interior, Bureau of Land Management, Salt Lake City, Utah.

Phoenix requests that the name of the well, Walker-Paiute 2-1A, be changed to the E. Gusher 2-1A.

OPERATOR CHANGE DOCUMENTATION

1. (Rule R615-8-10) Sundry or other legal documentation has been received from former operator (Attach to this form). *(Ref. 7-22-91) (Rec'd 7-22-91)*
2. (Rule R615-8-10) Sundry or other legal documentation has been received from new operator (Attach to this form). *(Rec'd 7-15-91)*
3. The Department of Commerce has been contacted if the new operator above is not currently operating any wells in Utah. Is company registered with the state? (yes/no) ____ If yes, show company file number: _____.
4. (For Indian and Federal Wells ONLY) The BLM has been contacted regarding this change (attach Telephone Documentation Form to this report). Make note of BLM status in comments section of this form. Management review of Federal and Indian well operator changes should take place prior to completion of steps 5 through 9 below.
5. Changes have been entered in the Oil and Gas Information System (Wang/IBM) for each well listed above. *(7-22-91)*
6. Cardex file has been updated for each well listed above.
7. Well file labels have been updated for each well listed above.
8. Changes have been included on the monthly "Operator, Address, and Account Changes" memo for distribution to State Lands and the Tax Commission. *(7-22-91)*
9. A folder has been set up for the Operator Change file, and a copy of this page has been placed there for reference during routing and processing of the original documents.

ENTITY REVIEW

- 1. (Rule R615-8-7) Entity assignments have been reviewed for all wells listed above. Were entity changes made? (yes/no) no (If entity assignments were changed, attach copies of Form 6, Entity Action Form).
- 2. State Lands and the Tax Commission have been notified through normal procedures of entity changes.

BOND VERIFICATION (Fee wells only)

- 1. (Rule R615-3-1) The new operator of any fee lease well listed above has furnished a proper bond.
- 2. A copy of this form has been placed in the new and former operators' bond files.
- 3. The former operator has requested a release of liability from their bond (yes/no) no. Today's date 7-26-91 1991. If yes, division response was made by letter dated 7-26-91 1991.

LEASE INTEREST OWNER NOTIFICATION RESPONSIBILITY

- 1. (Rule R615-2-10) The former operator/lessee of any fee lease well listed above has been notified by letter dated 7-26-91 1991, of their responsibility to notify any person with an interest in such lease of the change of operator. Documentation of such notification has been requested.
- 2. Copies of documents have been sent to State Lands for changes involving State leases.

MICROFILMING

- 1. All attachments to this form have been microfilmed. Date: Sept 16 1991.

FILED

- 1. Copies of all attachments to this form have been filed in each well file.
- 2. The original of this form and the original attachments have been filed in the Operator Change file.

RE: Recompletion Report
E. Gusher 2-1A
Uintah Co., Utah

Dear Sir:

Enclosed you will find a recompletion report on the subject well. On 7-16-91, a sundry notice was submitted with a proposal to recomplete in the Green River formation. Instead we decided to replace the hydraulic pumping system with a conventional pumping unit and test the well.

If the well does not maintain current level of production, we will recomplete in the Green River formation and resubmit a completion report.

Please contact me if you have any questions.

Sincerely,

Pat M. Yochem

INSTRUCTIONS

General: This form is designed for submitting a complete and correct well completion report and log on all types of lands and leases to either a Federal agency or a State agency, or both, pursuant to applicable Federal and/or State laws and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office. See instructions on Items 22 and 24, and 33, below regarding separate reports for separate completions.

If not filed prior to the time this summary record is submitted, copies of all currently available logs (drillers, geologists, sample and core analysis, all types electric, etc.), formation and pressure tests, and directional surveys, should be attached hereto, to the extent required by applicable Federal and/or State laws and regulations. All attachments should be listed on this form, see Item 35.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 18: Indicate which elevation is used as reference (where not otherwise shown) for depth measurements given in other spaces on this form and in any attachments.

Items 22 and 24: If this well is completed for separate production from more than one interval zone (multiple completion), so state in Item 22, and in Item 24 show the producing interval, or intervals, top(s), bottom(s) and name(s) (if any) for only the interval reported in Item 23. Submit a separate report (page) on this form, adequately identified, for each additional interval to be separately produced, showing the additional data pertinent to such interval.

Item 29: "Sacks Cement": Attached supplemental records for this well should show the details of any multiple stage cementing and the location of the cementing tool.

Item 33: Submit a separate completion report on this form for each interval to be separately produced. (See instruction for items 22 and 24 above.)

27. SUMMARY OF POROUS ZONES:

SHOW ALL IMPORTANT ZONES OF POROSITY AND CONTENTS THEREOF; CORED INTERVALS; AND ALL DRILL-STEM TESTS, INCLUDING DEPTH INTERVAL TESTED, CUSHION USED, TIME TOOL OPEN, FLOWING AND SHUT-IN PRESSURES, AND RECOVERIES

RE: Sundry Notice and Recompletion Report
E. Gusher 2-1A
Uintah Co., Utah

Dear Sir:

Enclosed you will find a Sundry Notice and Recompletion Report on the subject well. Since this operation qualifies for the workover and recompletion tax credit in accordance with Utah Code Annotated 59-5-101 and 59-5-102, a request is hereby submitted.

According to your letter dated 8-23-90 concerning tax credit qualification, it is necessary to file a request with the division on Form 15. Please find attached the completed form "Designation of Workover or Recompletion".

If you have any questions or need additional information, please contact the undersigned.

Sincerely,

Pat M. Yocham

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

On 9-20-91, a Well Completion or Recompletion Report was sent for the Wasatch interval. Because the production declined below the economic limit, a recompletion was attempted in the lower Green River Formation (8428-8444). A CIBP was set at 8557' with 10' of cement on top before attempted completion. The well was tested from 10-15-91 to 11-7-91 and proved to be non-productive. On 11-29-91 a CIBP was set at 7980' with 10' of cement on top. The well was completed in the Green River Formation from 7847 to 7708. A Well Completion or Recompletion Report is enclosed.

INSTRUCTIONS

This form should be completed in compliance with the Utah Oil and Gas Conservation General Rules. If not filed prior to this time, all logs, tests, and directional surveys as required by Utah Rules should be attached and submitted with this report.

ITEM 18: Indicate which elevation is used as reference for depth measurements given in other spaces on this form and on any attachments.

ITEMS 22 and 24: If this well is completed for separate production from more than one interval zone (multiple completion), so state in item 22, and in item 24 show the producing interval, or intervals, top(s), bottom(s) and name(s) for only the interval reported in item 33. Submit a separate report (page) on this form, adequately identified, for each additional interval to be separately produced, showing the additional data pertinent to such interval.

ITEM 29: "Sacks Cement": Attached supplemental records for this well should show the details of any multiple stage cementing and the location of the cementing tool.

ITEM 33: Submit a separate completion report on this form for each interval to be separately produced (see instruction for items 22 and 24 above).

37. SUMMARY OF POROUS ZONES: Show all important zones of porosity and contents thereof; cored intervals; and all drill-stem tests, including depth interval tested, cushion used, time tool open, flowing and shut-in pressures, and recoveries.				38. GEOLOGIC MARKERS

 Vernal, Utah 84078

RE: United States Oil and Gas Lease UTU-66746, S½, Section 3 and other lands, Township 6 South, Range 20 East, SLM, Uintah County, Utah

Dear Mr. Little:

I am writing at the suggestion of Irene Anderson at the State BLM Office regarding the above referenced lease. The lease is owned by our client, Phoenix Hydrocarbons, Inc. ("Phoenix"). Phoenix recently acquired the lease from Global Natural Resources of Nevada. Phoenix is also the record title owner of State Lease ML-21181 located in adjacent Section 2 and the operator of the East Gusher 2-1 Well (aka Walker-Paiute 2-1) which, until recently, it believed was located in said Section 2. Based upon a recent survey performed for Phoenix by Uintah Engineering of Vernal and confirmed in a report prepared by Loyal D. Olson, III, (copies of which are enclosed herewith) Phoenix has learned that the East Gusher 2-1 Well is in fact located in subject Section 3. There are no other wells capable of production on the lands covered by Lease UTU-66746.

The error in the original survey for location of the 2-1 Well was made by Phoenix's predecessor in title, Piute Oil and Mining Company and its surveyor, Sidney Smith, and is attributed by Mr. Olson to poor corner monumenting and errors on the part of U.S.G.S. field personnel.

David E. Little, District Manager
May 19, 1992
Page 2

Ms. Anderson informs us that your office will, in all likelihood, want to confirm Uintah Engineering's resurvey as well as Mr. Olson's conclusions prior to the BLM taking any further action on this matter. Accordingly, on behalf of Phoenix Hydrocarbons, Inc., we hereby request that you undertake and review Uintah Engineering's resurvey and Mr. Olson's report as soon as possible.

We have contacted the Utah Division of State Lands & Forestry concerning this problem and pending resolution, will hold all production proceeds in suspense.

In order to bring this serious problem to a timely conclusion your prompt attention is appreciated. Please feel free to contact Mr. Kaye at Uintah Engineering, Mr. Olson or the undersigned if you have any questions concerning the resurvey or related matters. Thank you very much.

Very truly yours,

A. John Davis

Re: United States Oil and Gas Lease UTU66746, S $\frac{1}{2}$ Section 3
and other lands, Township 6 South, Range 20 East, SLM,
Uintah County, Utah

43-047-31431

Dear Jerry:

I'm writing in furtherance of our telephone conversation of yesterday regarding the above-referenced matter and my letter of May 19, 1992 to David Little. As you know, this office represents Phoenix Hydrocarbons, the owner of the East Gusher 2-1 well which, until recently, was believed to be located on the adjoining Section 2, a State School Section. Enclosed for your records is a copy of the completed survey and plat prepared by Uintah Engineering and Land Surveying confirming that the East Gusher well is, in fact, located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 3 and thus covered by Lease UTU66746.

At your suggestion, I contacted the Cadastral Survey Branch of the BLM State Office and talked with Ross Workman who was familiar with this situation. Mr. Workman confirmed your statement that his Branch probably did not have the resources to undertake a confirmatory survey until late fall or early spring. However, I suggested and he agreed that it would be useful for Phoenix to meet with him and his Branch Chief, Don Buehler, as well as the State of Utah and decide on a preliminary plan of action.

Jerry Kenczka
July 1, 1992
Page 2

I will contact the Division of State Lands and arrange a meeting in Salt Lake City.

Very truly yours,

A handwritten signature in black ink, appearing to read "A. John Davis", with a long, sweeping horizontal line extending to the right.

REQUEST FOR CADASTRAL SURVEY

There is a producing oil and gas well, #2-1, drilled at what was thought to be SW¹/₄ SW¹/₄ Section 2, Township 6 South, Range 20 East, S.L.M., Uintah County, Utah, on a State of Utah oil and gas lease based upon the survey that was done at the time for Piute Oil and Mining Company. However, based upon a recent survey performed by Uintah Engineering of Vernal for Phoenix Hydrocarbons, Inc. (Phoenix) and confirmed in a report prepared by Loyal D. Olson, III, (report sent to Ron Baugh in U-942 on 5/29/92) it is the opinion of Phoenix that Well #2-1 is actually located in Section 3 on Federal oil and gas lease U-66746 rather than in Section 2 on the State oil and gas lease. The error in the original survey is attributed by Mr. Olson to poor corner monumenting and errors on the part of the U.S.G.S. field personnel.

Until such time that this matter is resolved by Cadastral Survey, Phoenix (as the operator for Well #2-1) is withholding all production proceeds in suspense from the State of Utah as Phoenix believes that the production proceeds should be going to the Federal Government rather than the State of Utah.

RE: East Gusher 2-1 Well Owned by Phoenix Hydrocarbons, Inc.,
State Lease ML-21181, Federal Lease UTU-66746,
Sections 2 and 3 respectively, Township 6 South, Range 20 East,
SLM, Uintah County, Utah

43-047-31431

Dear Ed:

I am writing to bring you up to date with regard to the above referenced matter. As you may recall, this well, which was drilled by Piute Oil & Mining Company and recently acquired by our client, Phoenix Hydrocarbons, Inc. from Calico Energy, Inc., was thought to be located on the State Lease in said Section 2. Based upon a recent survey performed for Phoenix by Uintah Engineering of Vernal and confirmed in a report prepared by Lowell D. Olson, Phoenix learned that the East Gusher 2-1 Well is in fact located in subject Section 3. In early summer of this year, we requested that the Bureau of Land Management review our surveys and if necessary and appropriate, confirm with a new formal BLM survey. A copy of my letter of May 19, 1992, regarding this matter to David E. Little, District Manager of Vernal District, is enclosed for your review.

In subsequent conversations with BLM personnel, it has been confirmed that the Vernal District has or will submit a request that this township and the section lines be resurveyed by the Cadastral Survey Branch of the BLM State Office this spring.

Mr. Ed Bonner
September 4, 1992
Page 2

Accordingly, based on the foregoing and pending confirmatory survey by the BLM, Phoenix intends to continue to hold production royalties in suspense from this well. As we have discussed in the past, once the BLM has confirmed that the well is indeed located in subject Section 3, we believe that it would be in all parties' interests to negotiate a mutually beneficial settlement arrangement on past royalties and enter into a Communitization Agreement encompassing the SE $\frac{1}{4}$ SE $\frac{1}{4}$ subject Section 3 and the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of subject Section 2 or appropriate aliquot parts of said sections.

I have enclosed for your review a copy of the completed survey and plat prepared by Uintah Engineering and Land Survey confirming the location of the East Gusher 2-1 Well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 3.

If you wish to discuss this matter further or if the Division has additional concerns or questions, please feel free to call.

Very truly yours,

A. John Davis

Salt Lake City, UT 84810-1203

RE: Federal Sundry Notices

Dear Lisha:

Enclosed please find copies of the approved Sundry Notices from the BLM-Vernal Office for the following leases:

Southman Canyon 1-5	Baser Draw 6-1
Southman Canyon 4-4	Baser Draw 6-2
Southman Canyon 4-5	Wolf Gov't #1
East Gusher 15-1-A	Federal Millier #1
Coors 14-1-D	Federal 5-5-H
Baser Draw 5-1	

I have conversed with Theresa Thompson with BLM-Salt Lake City office concerning the Walker-Hollow Unit. She has informed me that Exxon is in the process of dissolving the unit participation (Phoenix has been the sub-operator), therefore we should wait for that outcome before trying to change the operator agreement with Exxon.

Also I have enclosed an original Sundry Notice filing for the East Gusher 2-1-A for the designation of operator which seems to have been overlooked. Please note at this time this lease is considered to be a "state lease" even though it is probably going to become a comingled lease.

If there is any additional information you might need, or if there are further steps I must take, please let me know. Thank you for help and patience in this matter.

Sincerely,

Rhonda Patterson

Re: East Gusher Well #2-1
State Lease ML-21181,
Federal Lease U-66746
Sections 2 & 3 respectively,
T6S, R20E, SLM
Uintah County, Utah

Dear Mr. Davis:

I am writing to bring you up to date on the actions taken by the BLM with regard to whether or not Well #2-1 exists upon State Lease ML-21181 or Federal Lease U-66746. The BLM Cadastral Survey Branch did some preliminary survey work in regard to the well during late November and early December of this year. The preliminary findings would support the findings of Phoenix Hydrocarbon that the referenced well is indeed in Section 3 of Township 6 South, Range 20 East, SLM. The field work should be completed during the spring of 1993. It was anticipated that the survey would then be finalized during January, 1994. If the surveyor's priorities are changed in the interim, the survey could possibly be finalized earlier.

Should you have any additional questions or wish to discuss this matter further, please contact either Jerry Kenczka in our office at (801) 789-1362 or the Cadastral Survey Branch in the BLM Utah State Office in Salt Lake City at (801) 539-4156.

Sincerely,

[s] HOWARD B. CLEAVINGER II

RECEIVED

DEC 06 1993

Dear Mr. Cleavinger:

In reference to our telephone conversation of July 2, 1993, you indicated that the surveyors working for the BLM had verbally confirmed the location of the above captioned well to be in the SE/4 SE/4 of Section 3, T-6-S, R-20-E, SLM rather than in Section 2, T-6-S, R-20-E, SLM. A written report by the surveyors was then expected in late fall or winter when they could no longer work in the field due to weather conditions. The purpose of this letter is to inquire about and request any new information or report that may be available now. It is also requested that you copy our attorney, Mr. A. John Davis (address below) with your response.

If you have any questions or require further information, please let me know.

Thank you.

Sincerely,

Rex D. Barker

Dear Mr. Cleavinger:

We have been in contact with representatives from Phoenix Hydrocarbons, Inc. regarding the location and royalty distribution from the East Gusher Well #2-1A.

In a copy of a December 10, 1992 letter issued from your office, you informed Mr. John Davis of Pruitt, Gushee & Bachtell, that a survey of the area should be complete by January, 1994. We are requesting the results of this survey so that we can take the appropriate action on our royalty accounts.

Thank you for your cooperation with us in this matter.

Sincerely,

Lisa Y. Schneider
Royalty Auditor

APR 03 1994

Dear Mr. Cleavinger:

On February 11, 1994 we spoke about the completion of a cadastral survey of the East Gusher 2-1 well. You indicated you thought the survey would be done by the end of March.

I was wondering if it has been completed and what the results were so that we can appropriately deal with the royalties that have been generated from this well.

Thank you for your assistance with us in this matter.

Sincerely,

Lisa Y. Schneider

Dear Mr. Cleavinger:

You contacted our office on April 6, 1994, stating the cadastral survey of the East Gusher 2-1 well should be completed by the end of April. This letter is to find out if the survey has been completed and if the results are available for our review.

Thank you for your time.

Re: East Gusher Well #2-1
Federal Lease U-66746
SESE, Sec. 3, T. 6 S., R 20 E., SLM
Uintah County, Utah

43-047-31431

Dear Ms Schneider:

In May of 1992, Phoenix Hydrocarbons, Inc. (Phoenix) brought to our attention that a resurvey by Uintah Engineering of Vernal located the above referenced well in Federally owned Section 3. The well was originally thought to be located in State of Utah owned Section 2 under State of Utah Mineral Lease ML-21181.

The plat of a dependent resurvey by the Bureau's Cadastral Survey Branch was completed on April 22, 1994. The East Gusher #2-1 was also surveyed in as part of the plat which clearly shows that the well is located in Section 3 of Township 6 South, Range 20 East. A copy of this plat is enclosed for your files.

I will be notifying the involved companies and the Mineral Management Service that the well is considered to be under the jurisdiction of the Federal Government. The settlement of Back Royalties will also be addressed in the near future. If you have any questions or concerns please feel free to call me at (801) 781-4400. I would like to thank you at this time for your efforts and cooperation.

Sincerely,

Howard B. Cleavinger II
Assistant District Manager for
Mineral Resources

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Snyder Oil Corporation reports the following evaporation pits were closed as follows:

1. Remove all liquids from the pit.
2. Contact the BLM office for an inspection of the pit and approval to backfill.
3. Backfill the pit.

Snyder Oil also requests approval under Onshore Order #7 to permanently dispose of produced water from the referenced wells, by tanking and then trucking it to Murray Disposal pit located in Section 12, T5S, R19E in LaPoint.

The amount of water produced from the above referenced wells will be reported on the Monthly Report of Operations form MMS-3160.

RE: \$80,000 Surety Blanket P & A Bond #5736975

Dear Sir or Madam:

Santa Fe Snyder Corporation was formed when Snyder Oil Corporation was merged into Santa Fe Energy Resources, Inc. on May 5, 1999. Copies of the approved merger, issued by the Delaware Secretary of State, are enclosed for your files.

As this merger causes "Snyder" to cease to exist and their activities are covered by bond #JZ7777, please release bond # 5736975 and return it to the sender.

Thank you for your assistance in this matter.

Very truly yours,

Phillip W. Bode

NOTICE

Santa Fe Snyder Corporation : Oil and Gas
840 Gessner, Suite 1400 :
Houston, TX 77024 :

Merger Recognized Name Change Recognized

Acceptable evidence has been filed in this office concerning the merger of Snyder Oil Corporation into Santa Fe Energy Resources, Inc. and the name being subsequently changed to Santa Fe Snyder Corporation as the surviving entity.

For our purposes the merger and name change are recognized effective June 1, 1999, per company request.

The oil and gas lease files identified on the enclosed exhibits have been noted as to the merger and name change. The exhibits were compiled from lists supplied by Santa Fe Snyder Corporation. We have not adjudicated the case files to determine if the entities affected by the merger and name change hold an interest in the leases identified, nor have we attempted to identify leases where the entities are the operator on the ground, maintaining no vested record title or operating rights interest. We are notifying the Minerals Management Service and all applicable BLM offices of the merger and name change by a copy of this notice. If additional documentation for a change of operator are required by our Field Offices, you will be contacted by them.

By recognition of the merger and the name change the principal on bonds held by Snyder and Santa Fe are automatically changed to Santa Fe Snyder Corporation. Riders to Nationwide Bond No. 400JF 5493 (BLM Bond No. UT0855) and Nationwide Bond No. 5473615 (BLM Bond No. WY2912) have been filed in the Utah State Office. It is the request of Santa Fe Snyder Corporation to change the name on BLM Bond No. UT0855 to reflect the merger/name change, and to terminate the period of liability on BLM Bond No. WY2912. A decision regarding this matter will follow in due course.

Santa Fe Snyder Corporation

July 2, 1999

Utah Division of Oil, Gas & Mining
1594 W. North Temple, Suite 1210
P. O. Box 145801
Salt Lake City, Utah 84114-5801

Attn.: Ms. Kristen Risbeck

RE: Company Merger
Surety Bond Number - JZ 7777
Operator Number - N2000

Dear Ms. Risbeck:

Snyder Oil Corporation (SOCO) and Santa Fe Energy Resources, Inc. (Santa Fe) have merged to form Santa Fe Snyder Corporation (SFS). The legal acceptance date of the merger is May 5, 1999. However in an effort to simplify documentation issues, SFS requests that June 1, 1999 be used as the effective date of merger.

Please change all operated facilities, Applications to Drill (approved and in process) and any other regulatory filings from Snyder Oil Corporation to Santa Fe Snyder Corporation. Attached is the following information in support of this request.

Copy of Merger Certificate
Copy of the Office of the Secretary of State's Acceptance
Sundry Notices for Properties Located on Fee or State Land
Sundry Notice for Federal Properties
Spreadsheet of all Utah Facilities Operated by SOCO

All correspondence, documents, notifications, etc. should continue to be sent to SFS at the following address

1625 Broadway, Suite 2200
Denver, CO 80202

Please inform SFS when this request has been accepted and the changes are finalized. If any questions arise or additional information is required, please contact me at 303-592-8668.

Sincerely,

Phyllis Sobotik
Sr. Regulatory Specialist

CERTIFICATE OF MERGER

Merger of Snyder Oil Corporation, a Delaware corporation
With and Into
Santa Fe Energy Resources, Inc., a Delaware corporation

Pursuant to the provisions of Section 251 of the Delaware General Corporation Law, the undersigned certifies as follows concerning the merger (the "Merger") of Snyder Oil Corporation, a Delaware corporation, with and into Santa Fe Energy Resources, Inc., a Delaware corporation, with Santa Fe Energy Resources, Inc. as the surviving corporation (the "Surviving Corporation").

1. The Agreement and Plan of Merger, dated as of January 13, 1999 (the Agreement and Plan of Merger being hereinafter referred to as the "Merger Agreement") has been approved, adopted, certified, executed and acknowledged by Snyder Oil Corporation and Santa Fe Energy Resources, Inc. in accordance with Section 251 of the Delaware General Corporation Law.

2. The Merger contemplated in the Merger Agreement and this Certificate of Merger will be effective immediately upon the filing of this Certificate of Merger

3. The name of the Surviving Corporation shall be Santa Fe Energy Resources, Inc. which shall be changed herewith to Santa Fe Snyder Corporation.

4. Article FIRST of the Restated Certificate of Incorporation of Santa Fe Energy Resources, Inc. is amended, effective as of the date hereof, to read in its entirety as follows:

"FIRST: The name of the corporation (hereinafter referred to as the "Corporation") is Santa Fe Snyder Corporation."

and that the first paragraph of Article FOURTH of the Restated Certificate of Incorporation of Santa Fe Energy Resources, Inc. is amended, effective as of the date hereof, to read in its entirety as follows:

"FOURTH: The total number of shares of all classes of capital stock which the Corporation shall have authority to issue is 350,000,000, of which 50,000,000 shares shall be Preferred Stock, par value \$.01 per share, and 300,000,000 shares shall be Common Stock, par value \$.01 per share."

The Restated Certificate of Incorporation of Santa Fe Energy Resources, Inc., as amended, in effect at the effective time of the Merger shall be the certificate of incorporation of the

Surviving Corporation.

5. The executed Merger Agreement is on file at the principal place of business of the Surviving Corporation, 1616 South Voss Road, Houston, Texas 77057.

6. A copy of the Merger Agreement will be furnished by the Surviving Corporation, on request and without cost, to any stockholder of Snyder Oil Corporation or Santa Fe Energy Resources, Inc.

Dated this 5th day of May, 1999.

SANTA FE ENERGY RESOURCES, INC.

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Snyder Oil Corporation and Santa Fe Energy Resources, Inc. have merged to form Santa Fe Snyder Corporation. The legal acceptance date of the merger is May 5, 1999. However in an effort to simplify documentation issues, Santa Fe Snyder Corporation requests that June 1, 1999 be used as the effective date of merger.

A copy of the Merger Certificate and of the Office of the Secretary of State's Acceptance is attached.

Nationwide BLM Bond Number - UT-0855

Surety Bond Number - 400JF 5433

OPERATOR CHANGE DOCUMENTATION

1. (r649-8-10) Sundry or other legal documentation has been received from the **FORMER** operator (attach to this form). *(Rec'd 6.11.99)*
2. (r649-8-10) Sundry or other legal documentation has been received from the **NEW** operator (Attach to this form). *(Rec'd 6.11.99)*
3. The Department of Commerce has been contacted if the new operator above is not currently operating any wells in Utah. Is the company registered with the state? (yes/no) yes If yes, show company file number: #011879
4. **FOR INDIAN AND FEDERAL WELLS ONLY.** The BLM has been contacted regarding this change. Make note of BLM status in comments section of this form. BLM approval of **Federal** and **Indian** well operator changes should ordinarily take place prior to the division's approval, and before the completion of steps 5 through 9 below. *(Rec'd 7.6.99)*
5. Changes have been entered in the Oil and Gas Information System (3270) for each well listed above. *(7.12.99)*
6. Cardex file has been updated for each well listed above.
7. Well file labels have been updated for each well listed above. *(new system)*
8. Changes have been included on the monthly "Operator, Address, and Account Changes" memo for distribution to Trust Lands, Sovereign Lands, UGS, Tax Commission, etc. *(8.2.99)*
9. A folder has been set up for the Operator Change file, and a copy of this page has been placed there for reference during routing and processing of the original documents.

ENTITY REVIEW

- 1. (r649-8-7) Entity assignments have been reviewed for all wells listed above. Were entity changes made? (yes/no) no If entity assignments were changed, attach copies of Form 6, Entity Action Form.
- 2. Trust Lands, Sovereign Lands, Tax Commission, etc., have been notified through normal procedures of entity changes.

BOND VERIFICATION - (FEE WELLS ONLY)

- 1. (r649-3-1) The NEW operator of any fee lease well listed above has furnished a proper bond.
 (Rec'd 6-11-99 #J27777)
- 2. A copy of this form has been placed in the new and former operator's bond files.
- 3. The FORMER operator has requested a release of liability from their bond (yes/no) no, as of today's date 6-11-99. If yes, division response was made to this request by letter dated Aug. 12, 1999

LEASE INTEREST OWNER NOTIFICATION OF RESPONSIBILITY

- 1. Copies of documents have been sent on 8/12/99 to Ed Bonner at Trust Lands for changes involving State leases, in order to remind that agency of their responsibility to review for proper bonding.
- 2. (r649-2-10) The former operator of any fee lease wells listed above has been contacted and informed by letter dated _____ 19 __, of their responsibility to notify all interest owners of this change.

FILMING

- 1. All attachments to this form have been microfilmed. Today's date: 9-28-99.

FILING

- 1. Copies of all attachments to this form have been filed in each well file.
- 2. The original of this form, and the original attachments are now being filed in the Operator Change file.

CERTIFICATE OF AMENDMENT

OF

CERTIFICATE OF INCORPORATION

COASTAL OIL & GAS CORPORATION (the "Company"), a corporation organized and existing under and by virtue of the General Corporation Law of the State of Delaware, DOES HEREBY CERTIFY:

FIRST: That the Board of Directors of the Company, by the unanimous written consent of its members, filed with the minutes of the Board, adopted a resolution proposing and declaring advisable the following amendment to the Certificate of Incorporation of the Company:

RESOLVED that it is deemed advisable that the Certificate of Incorporation of this Company be amended, and that said Certificate of Incorporation be so amended, by changing the Article thereof numbered "FIRST." so that, as amended, said Article shall be and read as follows:

"FIRST. The name of the corporation is El Paso Production Oil & Gas Company."

SECOND: That in lieu of a meeting and vote of stockholders, the stockholders entitled to vote have given unanimous written consent to said amendment in accordance with the provisions of Section 228 of the General Corporation Law of the State of Delaware.

THIRD: That the aforesaid amendment was duly adopted in accordance with the applicable provisions of Sections 242 and 228 of the General Corporation Law of the State of Delaware.

IN WITNESS WHEREOF, said COASTAL OIL & GAS CORPORATION has caused this certificate to be signed on its behalf by a Vice President and attested by an Assistant Secretary, this 9th day of March 2001.

NOTICE

El Paso Production Oil & Gas Company : Oil and Gas
Nine Greenway Plaza :
Houston TX 77046-0095 :

Name Change Recognized

Acceptable evidence has been received in this office concerning the name change of Coastal Oil & Gas Corporation into El Paso Production Oil & Gas Company with El Paso Production Oil & Gas Company being the surviving entity.

For our purposes, the name change is recognized effective March 9, 2001.

The oil and gas lease files identified on the enclosed exhibit have been noted as to the name change. The exhibit was compiled from a list of leases obtained from our computer program. We have not abstracted the lease files to determine if the entities affected by this name change hold an interest in the leases identified nor have we attempted to identify leases where the entities are the operator on the ground maintaining no vested recorded title or operating rights interests. We will be notifying the Minerals Management Service and all applicable Bureau of Land Management offices of the change by a copy of this notice. If additional documentation for changes of operator are required by our Field Offices, you will be contacted by them.

If you identify additional leases in which the entities maintain an interest, please contact this office and we will appropriately document those files with a copy of this Notice.

Due to the name change, the name of the principal/obligor on the bond is required to be changed from Coastal Oil & Gas Corporation to El Paso Production Oil & Gas Company. You may accomplish this either by consent of surety rider on the original bond or a rider to the original bond. The bonds are held in Wyoming and Colorado.

Attention: Ms. Martha Maxwell

RE: BLM Bond CO-1203
BLM Nationwide Bond 158626364
Surety -- Continental Casualty Company
Belco Energy Corporation merger into Westport Oil and Gas Company, Inc.
Conversion of Westport Oil and Gas Company, Inc., into Westport Oil and Gas Company, L.P.
Assumption Rider -- Westport Oil and Gas Company, L.P.

Dear Ms. Maxwell:

Pursuant to our recent conversations, please find the following list of enclosures for the BLM's consideration and approval:

Two (2) Assumption Riders, fully executed originals.
Copies of Belco Energy Corporation merger into Westport Oil and Gas Company, Inc.
Copies of Westport Oil and Gas Company, Inc., conversion into Westport Oil and Gas Company, L.P.
List of all Federal/BIA/State Leases - Belco/Westport's leases - in all states.

Please inform us of any additional information needed to complete the change to Westport Oil and Gas Company, L.P., as operator of record.

I thank you for your assistance and cooperation in this matter. Please do not hesitate contacting the undersigned, should a question arise.

Sincerely,
Westport Oil and Gas Company, L.P.

memorandum

Branch of Real Estate Services
Uintah & Ouray Agency

Date: 5 December, 2002

Reply to
Attn of: Supervisory Petroleum Engineer

Subject: Modification of Utah Division of Oil, Gas and Mining Regulations

To: Director, Utah Division of Oil, Gas and Mining Division: John Baza

We have been advised of changes occurring with the operation of your database for Change of Operator. You will be modifying your records to reflect Change of Operator once you have received all necessary documentation from the companies involved, and perhaps in advance of our Notice of Concurrence/Approval of Change of Operator where Indian leases are involved.

We have no objection.

With further comment to Rulemaking, I wish to comment concerning the provision of Exhibits for upcoming Hearings. I would like to see the Uintah & Ouray Agency, BIA, and the Ute Indian Tribe, Energy & Mineral Resources Department added to the list of those parties that receive advance Exhibits so as to allow us to have research time prior to Hearing dates. We will be able to provide a more informed recommendation to the Oil, Gas and Mining Board. It would be best if we would receive only those Exhibits that concern Indian lands, specifically on or adjacent to Indian lands. This may be a difficult situation to attain, as it is not always clear where 'on or adjacent' occurs.

I am aware that you have gone to extra effort to correct this matter already, and I fully appreciate it. My request is intended only to allow the addition of Uintah & Ouray Agency and Ute Indian Tribe to the official listing.

We appreciate your concern, and hope that these comments are timely enough for consideration in the revision process.

IN REPLY REFER TO:

Real Estate Services

Carroll A. Wilson
Principal Landman
Westport Oil and Gas Company, L.P.
1368 South 1200 East
Vernal, Utah 84078

Dear Mr. Wilson:

This is in response to your request for approval of RLI Insurance Company's Nationwide Oil and Gas Lease Bond No. RLB0005239 executed effective December 17, 2002, (\$150,000 coverage) with Westport Oil and Gas Company, L. P., as principal.

This bond is hereby approved as of the date of this correspondence and will be retained in the Bureau of Indian Affairs' Division of Real Estate Services, 1849 C Street, NW, MS-4512-MIB, Washington, D.C. 20240. All Bureau oil and gas regional offices and the surety are being informed of this action.

In cases where you have existing individual and/or collective bonds on file with one or more of our regional offices, you may now request those offices, directly, to terminate in lieu of coverage under this Nationwide Bond.

Enclosed is a copy of the approved bond for your files. If we may be of further assistance in this matter, please advise.

Sincerely,

Director, Office of Trust Responsibilities

NOTICE

Westport Oil and Gas Company L.P. : Oil and Gas
410 Seventeenth Street, #2300 :
Denver Colorado 80215-7093 :

Name Change Recognized

Acceptable evidence has been received in this office concerning the name change of Westport Oil and Gas Company, Inc. into Westport Oil and Gas Company, L.P. with Westport Oil and Gas Company, L.P. being the surviving entity.

For our purposes, the name change is recognized effective December 31, 2001.

The oil and gas lease files identified have been noted as to the name change. The exhibit was compiled from a list of leases obtained from our computer program. We have not abstracted the lease files to determine if the entities affected by this name change hold an interest in the leases identified nor have we attempted to identify leases where the entities are the operator on the ground maintaining no vested recorded title or operating rights interests. We will be notifying the Minerals Management Service and all applicable Bureau of Land Management offices of the change by a copy of this notice. If additional documentation for changes of operator are required by our Field Offices, you will be contacted by them.

If you identify additional leases in which the entities maintain an interest, please contact this office and we will appropriately document those files with a copy of this Notice.

Due to the name change, the name of the principal/obligor on the bond is required to be changed from Westport Oil and Gas Company, Inc. to Westport Oil and Gas Company, L.P.. You may accomplish this either by consent of surety rider on the original bond or a rider to the original bond. The bonds are held in Colorado.

13. Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.

Westport Oil & Gas requests a variance to Onshore Order No. 4, Part III C. a. requiring each sales tank be equipped with a pressure- vacuum thief hatch and/or vent line valve. The variance is requested as an economic analysis shows the value of the shrunk condensate will not payout the incremental cost of purchasing and maintaining the valve resulting in a loss of value over the producing life of the well.

The volume lost to shrinkage by dropping the tank pressure from 6 ozs. To 0 psig is shown to be 0.3% of the tank volume. This was determined by lab analysis of a representative sample from the field. The sample shrunk from 98.82% of original volume to 98.52% when the pressure was dropped. The average well produces approximately 6 bbls condensate per month. The resulting shrinkage would amount to 0.56 bbls per month lost volume due to shrinkage. The value of the shrunk and lost condensate does not recoup or payout the cost of installing and maintaining the valves and other devices that hold the positive tank pressure. An economic run based on the loss and costs is attached. Westport Oil & Gas requests approval of this variance in order to increase the value of the well to the operator and the mineral royalty owners.

14. I hereby certify that the foregoing is true and correct

MATERIAL & SUPPLY	\$0	\$150	\$150
WATER & HAULING			\$0
ADMINISTRATIVE COSTS			\$0
GAS PLANT PROCESSING			\$0
Totals	\$0	\$350	\$350 Increased OPX Per Year

Investment Breakdown:

	Cap/Exp Code	Cost, \$
Capital \$	820/830/840	\$1,200
Expense \$	830/860	\$0
Total \$		\$1,200

Oil Price	\$ 23.00	\$/BO
Gas Price	\$ 3.10	\$/MCF
Electric Cost	\$ -	\$/ HP / day
OPX/BF	\$ 2.00	\$/BF
OPX/MCF	\$ 0.62	\$/MCF

Production & OPX Detail:

	Before	After	Difference
Oil Production	0.192 BOPD	0.194 BOPD	0.002 BOPD
Gas Production	0 MCFPD	0 MCFPD	0 MCFPD
Wir Production	0 BWPD	0 BWPD	0 BWPD
Horse Power	HP	HP	HP
Fuel Gas Burned	MCFPD	MCFPD	MCFPD

Project Life:

Life = Years
(Life no longer than 20 years)

Internal Rate of Return:

After Tax IROR =

AT Cum Cashflow:

Operating Cashflow = (Discounted @ 10%)

Payout Calculation:

$$\text{Payout} = \frac{\text{Total Investment}}{\text{Sum(OPX + Incremental Revenue)}} = 1$$

Payout occurs when total AT cashflow equals Investment
See graph below, note years when cashflow reaches zero

Payout = Years or Days

Gross Reserves:

Oil Reserves = 6 BO
Gas Reserves = 0 MCF
Gas Equiv Reserves = 38 MCFE

Notes/Assumptions:

An average NBU well produces 0.192 Bcpd with no tank pressure. The production is increased to 0.196 Bcpd if 6 ozs of pressure are placed on the tank. The increased production does not payout the valve cost or the estimated annual maintenance costs.

Project: Condensate Shrinkage Economics

Re: Well No. East Gusher 2-1A
SWSW, Sec. 3, T6S, R20E
Uintah County, Utah
Lease No. U-66746

Dear Ms. Barreau:

This correspondence is in regard to the self-certification statement submitted requesting a change in operator for the referenced well. After a review by this office, the change in operator request is approved. Effective immediately, Newfield Production Company is responsible for all operations performed on the referenced well. All liability will now fall under your bond, BLM Bond No. UT0056, for all operations conducted on the referenced well on the leased land.

If you have any other questions concerning this matter, please contact Leslie Wilcken of this office at (435) 781-4497.

Sincerely,

Matt Baker
Petroleum Engineer

Hi John,

I am hoping you can get this to right person at UDOGM.

Last fall I actually got out in the field to do a review of the BLM's well status accuracy as indicated in our AFMSS database. One of the wells I visited, API# 4304731431 East Gusher 2-1A, is plotted in the wrong location on UDOGM's GIS data. The well is in the SESE of Section 3 not the SWSW. The well was originally thought to have been drilled in the SWSW of Section 2 on a state lease, but a later resurvey located it in the SESE of Section 3. I went through the well file on your website and verified the correct location, which is where I found this well in the field. The BLM also had the well location wrong, but it has now been corrected in AFMSS. I have attached a map notated with the correct location.

I just thought your GIS folks would want to know.

Hope all is well at UDOGM.

Becky
