Insofar as this office is concerned, approval to drill the above referred to oil well is hereby granted in accordance with Rule C-3, General Rules and Regulations and Rules of Practice and Procedure.

Should you determine that it will be necessary to plug and abandon this well, you are hereby requested to immediately notify the following:

MICHAEL T. MINDER
Geological Engineer
Office: 533-5771
Home: 876-3001

Enclosed please find Form OGC-8-X, which is to be completed whether or not water sands (aquifers) are encountered during drilling. Your cooperation in completing this form will be appreciated.

Further, it is requested that this Division be notified within 24 hours after drilling operations commence, and that the drilling contractor and rig number be identified.

The API number assigned to this well is 43-013-30523.

Sincerely,

DIVISION OF OIL, GAS AND MINING

Re: See Attached Sheet

Dear Jack:

In reply to your letter dated July 30, 1981 and after talking with you over the phone, we want the list of wells shown on the attached sheet to remain active as potentially to be or have been drilled and are in a holding stage. Where in a holding stage like POMCO #2, we are waiting on repairs to correct a leak in the casing. POMCO #17-29 has been drilled but did not produce commercially. It was plugged and abandoned, but there is a possibility it could be re-opened for exploration.

It was great speaking with you. Pay us a visit in Park City.

Sincerely,

Wes

Sec. 6, T-10S, R-17E, Duchesne County, Utah.

Dear Ms Furse:

In reference to the above mentioned well location, I would like to take this opportunity to update you relative to their status. Pomco No. 9-7 is located on Lease No. U-3563-A. During the summer of 1982, this lease was sold to Diamond Shamrock Corporation. This proposed well site is therefore now under their control, and any inquires concerning the development of this well site should be made directly to Diamond Shamrock Corporation.

Well No. Pomco 25-16 is located on Lease U-11385. In April of 1982, Paiute Oil & Mining sold their interest in this lease to Natural Gas Corporation of California. Any inquires therefore relative to this lease and more particularly this proposed well site should be forwarded to Natural Gas Corporation of California.

Finally, in reference to Well No. Pomco 13-6, please be advised that while the State of Utah did approve this site for drilling an oil and gas well, the United States Department of Interior did not join in that approval. On December 20, 1979, the USGS informed Paiute Oil & Mining that there was not sufficient time to drill the well prior to the expiration of the lease, and therefore a permit for drilling was denied.

It was issued improperly as being in Duchesne County instead of Uintah County. It is, therefore, necessary to issue a new API number for this well even though this application has been recinded by this office.

The new number is #43-047-31469.
