Re: WELL NO. ST. JUDE SHIWITS FEE
#1, Sec. 16, T. 42 S., R. 17 W.,
Washington County, Utah.

Dear Mr. Ryan:

Approval to drill the above mentioned well can only be granted when the signature which appears on the bond also appears on the Notice of Intention to Drill. Therefore, we are sending copies of your notice to Mr. Rae Alan Wheeler Jr. of Wheeler Freightways for his signature. Otherwise, Mr. Wheeler must appoint you as his agent to drill this well.

Upon receiving the corrected notice this office will then be able to grant approval to drill.

Very truly yours,

DIVISION OF OIL & GAS CONSERVATION

Pat Ryan
Sec. 14, T. 42 S, R. 17 W,
Washington County, Utah

On December 6, 1967, I gave verbal approval for Mr. Glade Stubbs to proceed drilling operations to a depth of 1,000' only. He was further informed that before reaching a total depth of 1,300' in an attempt to evaluate the Kaibab Formation, that the plugged and abandoned bond problem will definitely have to be taken care of; either by Mr. Wheeler or Mr. Ryan.

After evaluating the Kaibab Formation it is proposed by the operator to contract Willard Pease, which is already drilling North of Tokerville, and have him finish the hole for a prospective total depth of 7,000'.

Re: WELL NO. ST JUDE SHIWITS FEE
#1, Sec. 16, T. 42 S., R. 17 W.,
Washington County, Utah.

Dear Mr. Ryan:

Reference is made to our letter of December 5, 1967, in which was stated that approval to drill the above mentioned well can only be granted when the signature which appears on the Bond also appears on the Notice of Intention to Drill. As of this date this office has not received the corrected Notice of Intention to Drill.

This Division is aware that a rig is on location and we hope that you will not spud-in until such time as approval can be granted.

Very truly yours,
