The Board has previously entered its Order in Cause No. 102-16B amending Field Rule 2-2 for the Greater Cisco Area, Grand County, Utah, to provide that wells drilled for oil and/or gas shall be located not less than 500 feet from any property or lease line and not less than 200 feet from the boundary line of any legal subdivision comprising the governmental quarter quarter section or equivalent lot or lots of comparable size and location, and not less than 400 feet from any oil well, nor less than 1320 feet from any gas well, unless otherwise specifically authorized by the Board after notice of hearing. Said Field Rule 2-2, as amended, governs well spacing in all of Section 9, Township 20 South, Range 23 East, S.L.M., Grand County, Utah, and other lands.
