## DEPARTMENT OF NATURAL RESOURCES

MICHAEL R. STYLER  
Executive Director

### Division of Oil, Gas and Mining

JOHN R. BAZA  
Division Director

December 1, 2018

To: Utah Operators of Disposal Wells, Storage Wells or Enhanced Recovery Projects

From: John Rogers, Associate Director  
Utah Division of Oil, Gas and Mining 

Subject: Annual Fluid Injection Report for Year 2018

Rule R649-8-21, **UIC Form 4, Annual Fluid Injection Report**, the Oil and Gas Conservation General Rules, requires **operators of disposal wells, storage wells, or enhanced recovery projects** to file an annual report with the division using this form. **The report is due within 60 days following the end of the year.**

Additionally, Rule R649-5-5, **Testing and Monitoring of Injection Wells**, the Oil and Gas Conservation General Rules, requires **operators to sample and analyze the fluids injected in each disposal well or enhanced recovery project** at sufficiently frequent time intervals to yield data representative of fluid characteristics, and no less frequently than every year. **The operator shall submit a copy of the fluid analysis to the Division with the Annual Fluid Injection Report, UIC Form 4.**

If you have already submitted UIC Form 4 and fluid analysis, please disregard this notice. Failure to submit a plan **within 60 days following the end of the year** will result in a Notice of Violation (NOV). If you have any questions, please contact Mark Reinbold at (801) 538-5333.
