Docket No. 2003-009

Cause No. 173-20

This cause came on regularly for hearing before the Utah Board of Oil, Gas and Mining (the "Board") on Wednesday, August 27, 2003, at the hour of 1:30 p.m. in Salt Lake City, Utah. The following Board members were present and participated at the hearing:

Allan Mashburn, Chairman
Robert J. Bayer
Jim Peacock
Kent Petersen
Douglas E. Johnson
Samuel C. Quigley

Board member Stephanie Cartwright was absent.

Attending and participating on behalf of the Division of Oil, Gas and Mining (“DOGM”) was John Baza, Associate Director – Oil and Gas. The Board and DOGM were represented by Kurt E. Seel, Esq. and Steven F. Alder, Esq., Assistant Attorneys General, respectively. Attending and participating on behalf of the Bureau of Land Management (“BLM”) was Robert Henricks, Chief – Branch of Fluid Minerals, Utah State Office, and Ed Forsman, Petroleum Engineer, Vernal Field Office. Attending and participating on behalf of the Bureau of Indian Affairs (“BIA”) was Diane Mitchell, Fort Duchesne, Utah.

Thomas W. Bachtell, Esq. with the law firm of Pruitt, Gushee & Bachtell, appeared on behalf of Petitioners Westport Oil and Gas Company, L.P. (“Westport”) and EOG Resources inc. (“EOG”). Also appearing on behalf of Petitioners were Bruce E. Johnston, Land Manager Western Division for Westport, David B. Koval, Consulting Geologist for Westport, and Gary D. Davis, Geologist and Exploration Manager, Western Division for Westport. All of the witnesses were admitted by the Board as experts in their respective professional fields pursuant to motion by Petitioner Westport and a Stipulation entered into between Westport and DOGM dated August 25, 2003 and made a part of the record. Westport introduced testimony and exhibits in support of the Request for Agency Action, and questions were addressed to Westport’s witnesses and attorney.

The Board, having considered the testimony presented and the exhibits received into evidence at the hearing, being fully advised, and for good cause appearing, hereby makes the following findings of fact, conclusions of law, and order.

FINDINGS OF FACT

1. Westport is a Delaware limited partnership in good standing and authorized to conduct business in the State of Utah.

2. EOG is a Delaware corporation in good standing and authorized to conduct business in the State of Utah.

3. This matter came on before the Board as a formal adjudication governed by the procedural requirement of the Utah Administrative Procedures Act, Utah Code Ann. § 63-46b-1 *et seq.* (1953, as amended) (“UAPA”). As may be required by UAPA, this Order shall serve as the Board’s written ruling on the issues set forth herein.

4. The lands which were the subject of the Cause, referred to as “Subject Lands,” are described as follows:

Section 6: N $\frac{1}{2}$

containing 11,238.44 acres, more or less, in Uintah County, Utah.

5. The purpose of the proceeding was for the Board to receive testimony and evidence and to make findings as to whether the Board should enter an order:

(a) Modifying the Orders in Cause Nos. 173-1, 173-2, 173-9-S, 173-13, 173-15 and 173-16 insofar as they cover the "Subject Lands" to include all gas bearing sands from the interval below the stratigraphic equivalent of 4,772 feet as shown on the induction electrical log of the Chapita Wells Unit Well No. 5 located 1,908 feet from the South line and 2,360 feet from the West line in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 22, Township 9 South, Range 22 East, SLM, Uintah County, Utah, down to and including the stratigraphic equivalent of 12,420 feet as shown on the electric log of the Ouray 34-79 well located 2,150 feet from the South line and

2,008 feet from the West line in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 34, Township 8 South, Range 21 East, SLM, Uintah County, Utah;

(b) Modify the Orders in Cause Nos. 173-1, 173-2 and 173-9-S to authorize the drilling of additional wells up to a total of eight (8) wells in the drilling unit covering the N $\frac{1}{2}$ of Section 35, Township 8 South, Range 20 East, SLM, Uintah County, Utah for the development and production of gas and associated hydrocarbons from the interval below the stratigraphic equivalent of 4,772 feet as shown on the induction electrical log of the Chapita Wells Unit Well No. 5 located 1,908 feet from the South line and 2,360 feet from the West line in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 22, Township 9 South, Range 22 East, SLM, Uintah County, Utah, down to and including the stratigraphic equivalent of 12,420 feet as shown on the electric log of the Ouray 34-79 well located 2,150 feet from the South line and 2,008 feet from the West line in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 34, Township 8 South, Range 21 East, SLM, Uintah County, Utah. In conformance with the prior Orders, the permitted wells shall be located no closer than 920 feet from the other wells completed in and producing gas and associated hydrocarbons from the spaced interval and no closer than 460 feet from the exterior boundary of the 320-acre drilling unit or such other location as may be granted administratively by the Board pursuant to Utah Admin. Code R649-3-3;

(c) Making such findings and orders in connection with the Request for Agency Action as it deems necessary; and

(d) Provide for such other and further relief as may be just and equitable under the circumstances.

6. Westport presented testimony and evidence addressing:

(a) Identification of the Subject Lands;

(b) The history of Orders of the Board affecting the Subject Lands;

(c) A description of the geologic formations and zones currently spaced in the Orders of the Board and of the transitional Blackhawk (a/k/a Castlegate 'B') and Mancos 'B' sands;

(d) A review of the geological setting relative to the Blackhawk and Mancos 'B' sand intervals indicating that the sands are not field wide but limited by the depositional environment resulting from sea level fluctuations;

(e) Support for a well density, based on drainage, equivalent to 40-acre well spacing for the simultaneous development and production of gas and associated hydrocarbons from the previously defined Wasatch-Mesaverde formation, including the Blackhawk and Mancos 'B' sands underlying the Subject Lands; and

(f) That authorizing a well density equivalent to 40-acre spacing within the Subject Lands for the development and production of gas and associated hydrocarbons from the previously defined Wasatch-Mesaverde formation, including Blackhawk and Mancos 'B' sands, would also promote the public interest, increase the ultimate recovery of gas, prevent waste and protect the correlative rights of all owners, providing that the permitted additional wells shall

be located no closer than 920 feet from other wells completed in and producing gas and associated hydrocarbons from the same formations, and no closer than 460 feet from the exterior boundary of each 320-acre, more or less, drilling unit, or other such location on the Subject Lands as may be granted administratively pursuant to Utah Admin. Code R649-3-3.

7. After presentation of the evidence, the BLM representative informed the Board on the record that it was in favor of the Board granting the Petitioners' requests.

8. After presentation of the evidence, DOGM's Associate Director of Oil and Gas recommended that the Board grant the Petitioners' requests.

9. After presentation of the evidence, BIA's representative supported the Petitioners' request for up to a total of eight wells in the N½ of Section 35, Township 8 South, Range 20 East, BLM, but requested the Board to continue the matter concerning the transitional gas zones to the base of the Mancos 'B' sand for the reason that it wanted more time to evaluate Petitioners' request.

10. A copy of the Request for Agency Action was mailed to all companies, persons and governmental agencies known to own or administer a legally protected interest which could be affected by Petitioners' Request for Agency Action in this matter.

11. Notice was duly published as required by Utah Admin. Code R641-106-100.

12. The vote of the Board members present at the hearing and in this Cause was unanimous.

CONCLUSIONS OF LAW

1. Due and regular notice of the time, place, and purpose of the hearing was properly given to all owners in the form and manner as required by law and the rules and regulations of the Board and DOGM.

2. The Board has continuing jurisdiction over all matters covered by the Request for Agency Action and all interested parties therein, and has the power and authority to render the Order herein set forth and to modify said Order at some future date, if appropriate, pursuant to Utah Code Ann. § 40-6-5(3).

3. The sufficiency and weight of the evidence presented at the hearing by Westport supported the Request for Agency Action.

4. The evidence presented demonstrated that a substantial change in circumstances exists which warrants modification of the existing Board orders controlling the Subject Lands.

5. Petitioners have demonstrated good cause for increasing the well density in the Subject Lands and provided evidence that increased well density will protect the royalty, working interests owners, and well operators' correlative rights and that they will receive their just and equitable share of production.

6. Based upon the evidence presented at the hearing, the Board determined that granting the Request for Agency Action will promote the public interest, increase the ultimate recovery of gas and associated hydrocarbons, prevent waste and protect the correlative rights of all owners.

ORDER

Based upon the Request for Agency Action, testimony and evidence submitted, and the Findings of Fact and Conclusions of Law stated above, the Board hereby orders:

1. The Petitioners' Request for Agency Action is granted.
2. The Orders in Cause Nos. 173-1, 173-2, 173-9-S, 173-13, 173-15 and 173-16 insofar as they cover the Subject Lands are modified to include all gas bearing sands from the interval below the stratigraphic equivalent of 4,772 feet as shown on the induction electrical log of the Chapita Wells unit Well No. 5 located 1,908 feet from the South line and 2,360 feet from the West line in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 22, Township 9 South, Range 22 East, SLM, Uintah County, Utah, down to and including the stratigraphic equivalent of 12,420 feet as shown on the electric log of the Ouray 34-79 well located 2,150 feet from the South line and 2,008 feet from the West line in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 34, Township 8 South, Range 21 East, SLM, Uintah County, Utah.
3. The Orders in Cause Nos. 173-1, 173-2 and 173-9-S are modified to authorize the drilling of additional wells up to a total of eight (8) wells in the drilling unit covering the N $\frac{1}{2}$ of Section 35, Township 8 South, Range 20 East, SLM, Uintah County, Utah for the development and production of gas and associated hydrocarbons from the interval below the stratigraphic equivalent of 4,772 feet as shown on the induction electrical log of the Chapita Wells unit Well No. 5 located 1,908 feet from the South line and 2,360 feet from the West line in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 22, Township 9 South, Range 22 East, SLM, Uintah County, Utah, down to and including the stratigraphic equivalent of 12,420 feet as shown on the electric log of the Ouray 34-79 well located

2,150 feet from the South line and 2,008 feet from the West line in the NE¼SW¼ of Section 34, Township 8 South, Range 21 East, SLM, Uintah County, Utah. In conformance with the prior Orders, the permitted wells shall be located no closer than 920 feet from other wells completed in and producing gas and associated hydrocarbons from the spaced interval and no closer than 460 feet from the exterior boundary of the 320-acre drilling unit or such other location as may be granted administratively by the Board pursuant to Utah Admin. Code R649-3-3.

4. Operators and owners of oil and gas in the Subject Lands shall work with DOGM to reasonably monitor and report the BTU content of commingled gas from the previously defined Wasatch-Mesaverde formation, including the Blackhawk and Mancos 'B' sands and other intermingled gas bearing sands for the protection of correlative rights.

5. Notice re Right to Seek Judicial Review by the Utah Supreme Court or to Request Board Reconsideration: As required by Utah Code Ann. § 63-46b-10(e) to -10(g), the Board hereby notifies all parties in interest that they have the right to seek judicial review of this final Board Order in this formal adjudication by filing a timely appeal with the Utah Supreme Court within 30 days after the date that this Order issued. Utah Code Ann. § 63-46b-14(3)(a) and -16. As an alternative to seeking immediate judicial review, and not as a prerequisite to seeking judicial review, the Board also hereby notifies parties that they may elect to request that the Board reconsider this Order, which constitutes a final agency action of the Board. Utah Code Ann. § 63-46b-13, entitled, "Agency review – Reconsideration," states:

(1)(a) Within 20 days after the date that an order is issued for which review by the agency or by a superior agency under Section 63-46b-12 is unavailable, and if the order would otherwise constitute final agency action, any party may file a written request for reconsideration with the agency, stating the specific grounds upon which relief is requested.

(b) Unless otherwise provided by statute, the filing of the request is not a prerequisite for seeking judicial review of the order.

(2) The request for reconsideration shall be filed with the agency and one copy shall be sent by mail to each party by the person making the request.

(3)(a) The agency head, or a person designated for that purpose, shall issue a written order granting the request or denying the request.

(b) If the agency head or the person designated for that purpose does not issue an order within 20 days after the filing of the request, the request for reconsideration shall be considered to be denied.

Id. The Board also hereby notifies the parties that Utah Administrative Code R641-110-100, which is part of a group of Board rules entitled, "Rehearing and Modification of Existing Orders," states:

Any person affected by a final order or decision of the Board may file a petition for rehearing. Unless otherwise provided, a petition for rehearing must be filed no later than the 10th day of the month following the date of signing of the final order or decision for which the rehearing is sought. A copy of such petition will be served on each other party to the proceeding no later than the 15th day of the month.

Id. See Utah Administrative Code R641-110-200 for the required contents of a petition for rehearing. If there is any conflict between the deadline in Utah Code Ann. § 63-46b-13 and the deadline in Utah Administrative Code R641-110-100 for moving to rehear this matter, the Board hereby rules that the later of the two deadlines shall be available to any party moving to rehear this matter. If the Board later denies a timely

petition for rehearing, the party may still seek judicial review of the Order by perfecting a timely appeal with the Utah Supreme Court within 30 days thereafter.

6. The Board retains continuing jurisdiction over all the parties and over the subject matter of this Cause, except to the extent said jurisdiction may be divested by the filing of a timely appeal to seek judicial review of this Order by the Utah Supreme Court.

7. For all purposes, the Chairman's signature of a faxed copy of this Order shall be deemed the equivalent of a signed original.

ISSUED this 12 day of September, 2003.
