

## Latitude & Longitude Well Coordinates Data Download File

The Latitude & Longitude Well Coordinates Data file contains the surface Lat/Long location data for each well when it is available in the Utah Division of Oil, Gas and Mining database. Please check the scanned well file images or feel free to call our Public Information Center (801-538-5279) to confirm the accuracy of data.

Below is a description of each field in the table.

FIELD NAME	DESCRIPTION
<b>API</b>	Digits 1-10 of the API well number. All API numbers (American Petroleum Institute standard format for numbering) for Utah wells begin with 43 (the API state code for Utah). The next 3 digits represent the county (see county codes). Digits 6 thru 10 are a sequential number assigned when a new well is permitted for drilling. This is a KEY data field for linking to some of the other data tables (i.e., to Well Data, Production Data, etc.).
<b>Latitude</b>	Latitude surface coordinates in degrees; UTM Zone 12, NAD83.
<b>Longitude</b>	Longitude surface coordinates in degrees; UTM Zone 12, NAD83.
