The attached Letter of Credit for _____ ("Operator"), which is duly authorized and qualified to do business in the State of Utah, is held and firmly bound unto the State of Utah by _____ ("Bank"), a federally insured bank authorized to do business in Utah, in the form of:

Letter of Credit Number: _____ ; Principal Amount \$ _____
("LOC") as a:

[] Facility Bond: Facility Name: _____
Section: _____ Township: _____ Range: _____
County: _____, Utah

Operator Obligation

The condition of this obligation is such that the Operator (its heirs, executors and successors) is or will be engaged in the construction and/or operation of a waste disposal facility in the State of Utah, for the purpose of disposal of exploration and production waste. See Utah Admin. Code R649-9-9.

Bank Agreement

This agreement describes the mutually agreed upon instructions of the below signed parties to the Bank, regarding the control, redemption, and release of the Bank's above-described LOC, which is being used as principal to guarantee the availability for maintenance and operation of the above listed facility in such a manner as not to cause pollution of the waters of the state or other adverse environmental impacts, and upon abandonment of the facility and the proper closure of the facility site. It is the intention of the parties that the LOC be utilized as principal to guarantee that the full principal amount will be available to the State of Utah, Division of Oil, Gas, and Mining ("Division") for maintenance and operation of the above listed facility in such a manner as not to cause pollution of the waters of the state or other adverse environmental impacts, and upon abandonment of the facility and the proper closure of the facility site. Upon demand and in the event that the Operator of the facility site is unable or unwilling to complete proper maintenance and operation of the above listed facility in such a manner as not to

Letter of Credit Number: _____

cause pollution of the waters of the state or other adverse environmental impacts, or the Operator is unable or unwilling to properly close the facility site in compliance with applicable state law and regulations, the Division may redeem the LOC according to the steps outlined below. A hold shall be placed on any LOC record(s) and the Bank shall provide proof of such hold to the Division. The Bank waives all rights of setoff or liens against the LOC(s) identified above.

Ownership and Renewal:

Ownership of the LOC is retained by the Operator, but it is **payable to the Division** and held by the Bank **for the benefit of the Division**, and is subject to the terms and conditions described in this agreement. The LOC shall automatically renew indefinitely until either redeemed or released in writing by the Director of the Division. The Division may request LOC information on an occasional basis. This agreement grants approval by the Operator for the Bank to provide LOC information to the Division any time an inquiry is made via telephone, email, fax or letter.

Redemption:

The LOC may only be redeemed (i.e., called on demand) pursuant to the written instruction or demand of the Director of the Division to the Bank. Upon the instruction and demand of the Director of the Division, the full principal amount of the LOC shall be transferred to the Division. The Operator agrees and irrevocably instructs the Bank that neither the Operator, nor any other person claiming an ownership interest in the LOC which is derived from the Operator, shall have the authority to prevent the Bank from carrying out the Director of the Division's instruction to redeem the LOC.

Release:

The Bank shall release the LOC only upon the written instruction of the Director of the Division to the Bank. Upon release, the terms and conditions of this agreement are no longer in effect, and the unconditioned control of the LOC shall be returned to the Operator, or its legal successor-in-interest. In the event of the Bank's cancellation/termination of the LOC, (a) the Bank shall give 90 days prior notice of the cancellation/termination to the Operator and the Division; and (b) the Operator shall have 60 days to replace the LOC. If the Operator does not replace the LOC within 60 days of the Bank's cancellation/termination notice, the Division may transfer the LOC monies into a state-managed cash account to assure proper maintenance and operation of the above listed facility in such a manner as not to cause pollution of the waters of the state or other adverse environmental impacts, and to assure proper closure of the facility site. If the Bank is under a forced cancellation/termination, the Bank agrees to transfer or release the LOC funds to a state-managed cash account at and upon the Division's request.
